'JUSTICE VINDICTIVE': FARISS' PLAINT WOULD HAVE PENAL LAWS REFORM

SAN QUENTIN, Jan. 15.—Before the noose was adjusted today, Ralph Fariss handed a written statement to Dr. Allen Griffith of the Universal Brotherhood and Theosophical Society, in which he says:

"I have been the cause of another's death. I have brought grief and pain to Mrs. Montague and have deprived her children of the protection and loving admonition of a father. I have brought disgrace upon my parents. I have sown the seed, the harvest of which I am reaping. The judge when he sentenced me said: 'Society has to be protected, and the death penalty is not given as vengeance, but as a protection to society.'"

"If the death penalty protects society, society could be just as well protected by keeping the criminal in confinement. There is surely a modern bill of rights that provides that penal laws shall be founded on principles of reformation and not upon vindictive justice."

Ralph Fariss of Bakersfield and Sam J. Raber of Sacramento were hanged this morning, Fariss being executed in the prison yard at San Quentin and Raber yielding up his life at the same hour at Folsom penitentiary. Until nearly midnight both men, sitting wide awake in the death cells, had hoped for clemency from Governor Johnson, and almost to the moment of springing the traps, friends of both outside the prison gates strove in vain to stay the penalty of the law.

Neither the ruse of lawyers nor the intercession of women availed. The governor had countenanced delay in the executions until legal points and quibbles had been cleared away. But in the end, scrutinizing the judgments of the courts, he refused to interpose to set either decree aside.

Fariss died bravely at San Quentin prison. He walked unassisted to the gallows and steadily mounted the steps. He stood silently while the last words were spoken to him and the hangman adjusted the hemp to his neck. He neither trembled nor spoke.

Raber, over at the other prison, went equally calmly to his doom, but not with the taciturnity that marked Fariss' demeanor. He had sought the consolation of religion as the fateful hour approached, and a bit of fatalistic philosophy was on his lips at the end. "It is fate," he said, and thanked the Roman Catholic priest who brought him spiritual solace.

WHY THEY DIED.

The manner in which the two men met their fate was in keeping with the crimes for which they died.

Fariss was a train robber, Raber a murderer. The one shot a man to death, the other strangled a woman. Fariss in his deed had no pal; Raber plotted robbery and did murder with an accomplice, who is imprisoned for life for the crime.

Neither man made prison confessions. Fariss had lightened the noose about his own throat long before he was sentenced, even before he was tried, confessing to the murder of a railroad man. Raber too had incriminated himself, but at the last hour a counter confession was obtained yesterday from his pal who sought to take the slaying of Cherry de St. Maurice upon himself and thereby to induce the Governor of the state to commute the punishment of Raber from death to imprisonment.

Fariss, at San Quentin, was led to the scaffold at about 10 o'clock. At 10:15 he mounted the gallows, and a few minutes later the doctor, examining his dangling body, pronounced him dead.

DUPLICATE, QUITE.

Raber, at Folsom, also ascended the gallows at about 10 o'clock. He stood unflinchingly on the platform, facing the spectators.

"I am not afraid to meet the finish," he said. "It is not courage, but."

U. S. Warns Carranza Against Confiscation

WASHINGTON, Jan. 15.—Secretary Bryan announced late today that the United States government had warned General Carranza that "serious consequences would follow" the threatened confiscation of foreign oil wells at Tampico.

The British ambassador, Sir Cecil Spring-Rice, made urgent representations to the State Department today against the Carranza embargo on oil exports from Tampico, from which the British navy draws some of its fuel.

The British ambassador also called attention to the destruction of property at Tampico in the oil fields, which is reported as having been very great.

CRACKSMEN FLEE FROM SHOTS

Postmaster at Warm Springs Foils Attempt to Rifle Safe

Firing a fusillade of bullets after the retreating auto bandits whom he interrupted as they were forcing their way into the Warm Springs postoffice, Postmaster Joseph Brown of that place early this morning foiled an attempted raid by two thieves, believed to be members of the gang of auto bandits who have in the last nine months robbed several postoffices and banks in the county. Residents of the town, aroused by the shots, gave chase to the attempted safe-crackers, who disappeared into the darkness and made their escape in a waiting automobile.

The men were attempting to pry open a rear window of the postoffice building when Brown, who lives overhead, saw them and opened fire. The men fled while the postmaster, leaning from the window, emptied his revolver after them. It is not believed that any of the shots took effect.

FLEE IN NIGHT.

Neighbors, hearing the shots, started pursuit. A chugging automobile was heard in the darkness and several farmers this morning told of hearing an automobile, traveling at a high speed, passing by their homes.

Two men, say witnesses, were waiting in the automobile which picked up the men who attempted to enter the postoffice. The machine was standing with the engine running and was ready for flight, it is declared, when the shots warned the bandits that their attempt was discovered. Sheriff's deputies rushed to the scene, declare that the attempt is undoubtedly the work of the same bandits who robbed the Decoto postoffice, the Alvarado bank and several other banks and offices in the last few months. The method employed and the plans for a getaway were the same as those of the Decoto robbers.

CONSIDERABLE BOOTY.

In the postoffice safe, according to the postmaster, was a considerable quantity of government money, stamps and other valuables as well as the funds of the store of Brown & Azavedo. Brown, who sleeps over the

Neighbors Pursue Bandits, Who Escape in Fast Auto

BRITISH GAIN MILE IN ATTACKS ON GERMANS

PARIS, Jan. 15, 5:40 a. m.—The Havas Agency has received a dispatch from Stomer, dated January 10, which relates a British victory and an advance near LaBasse of one mile. The message follows: "The British, by an impetuous attack, stormed the strongly entrenched German position near LaBasse at 2 o'clock this afternoon after a vigorous preliminary shelling. This is an important strategic point and its occupation represents an advance of one mile. The British losses were slight, but the Germans lost heavily. Many Germans were taken prisoners."

PERSIAN GOVERNORS SHOT.

By Associated Press.

LONDON, Jan. 15, 5 a. m.—Turkish troops who recently invaded Persia are now advancing to the interior of the country, according to a news dispatch from Teheran to Reuters' Telegram Company. The message follows:

"It is reported that the Turks when they occupied Tabriz, in Azerbaijan province, a few days ago, shot the

One Way to Get Circulation For a Newspaper Is to Give It Free to the People

Oakland, January 14, 1915.

EDITOR TRIBUNE—As a subscriber to your paper I wish you would kindly publish the following letter:

I have read the publication in the Oakland Enquirer regarding the so-called immoral picture shown at the Franklin Theater. I visited this playhouse on Tuesday and saw splendid pictures. I have seen nothing immoral there. Their organ music and their pictures have always been first-class. I have always enjoyed every moment of my stay there and always found first-class people there. I have been to other playhouses and many times have seen pictures that they have shown unfit for any lady to see.

The managers of the Franklin Theater deserve all credit and compliments for their beautiful playhouse and the amusement given to their patrons. I further wish the managers of the Franklin Theater the best of success.

MRS. J. HALPERN,
1926 Fourteenth Avenue, Oakland.

P. S.—I am not a subscriber to the Enquirer, but receive the paper each evening free and many of my friends receive the same, so you can see what their paper amounts to.

MRS. J. HALPERN.

Pope Visits Quake Wounded; Does Not Touch Italian Soil

By Associated Press.

ROME, Jan. 15.—Some of the papers announce that Pope Benedict, in visiting the wounded at Santa Maria hospital, left the Vatican, thus interrupting the traditional imprisonment of the Pope, always adhered to by Popes Pius IX, Leo and Pius X after the fall of the temporal power, meaning thus to protest against the occupation of Rome.

In reality the Pontiff did not leave the Vatican, but, passing through the Apostolic Palace inside of St. Peter's, he reached the hospital without touching Italian soil. His predecessor did the same thing when he visited the injured brought to Santa Maria hospital after the earthquake in Messina.

Grand Jury After New Frauds

Inquiry Follows Helmstein's Contest of Kelley's Election

While the grand jury is continuing its investigation into the primary election frauds with rumors of further indictments as the result, it was stated today that the attention of the inquisitorial body would be called to the discrepancies that appeared in the recount of ballots cast at the general election in the Third Supervisorial district.

With the close of the recount between J. H. Helmstein and Supervisor Joseph M. Kelley late yesterday, Superior Judge Wells decided in favor of Kelley, declaring him elected to the office by forty-eight votes plurality. The civil angle of the contest thereupon closed, as there was no way by which precincts where fraud was suspected of having been committed could be thrown out. The results told by the ballots were the only evidence that could be admitted, there being no evidence of fraud shown.

That he would have refused to recount precinct No. 10 and at least two other precincts in Oakland and would have made a showing of alleged fraud instead, was declared by Attorney Stuefater, counsel for Helmstein, today.

LATE INFORMATION.

"Information came to my attention too late to do any good, I asked to have the officers of precinct No. 10 subpoenaed, but it could not be done," Stuefater said. The only way the validity of the election can now be attacked is through criminal proceedings. I do not know whether Helmstein will take any action or not. There is every indication that fraud was committed."

Attorney A. L. Erick, who represented Kelley in the recount, declared that the validity of the election could only be attacked by criminal procedure.

"It was apparent that fraud was committed in favor of both candidates," he said today. "In precinct 31 Kelley was given 60 votes by the original count and Helmstein received 62. In the recount Kelley gained 9 votes, while Helmstein's count remained unchanged. There were no ballots thrown out. Unless evidence could be shown that the returns had been tampered with after leaving the election booth, or that the election officers themselves had committed fraud in the counting of the ballots, there

Desmond and Bride Held in City Jail

While William Patrick Desmond and his 16-year old bride are being detained in the city jail, A. M. Allen, deputy United States marshal, is in communication with the department at Washington, D. C., trying to find out what the federal government wants to do in connection with the prosecution of Desmond under the Mann white slave law.

Desmond, who is an engineer in the United States Coast and Geodetic Survey, was arrested by the Oakland police at the instance of the federal agent, who alleges that he had committed bigamy in marrying a pretty 18-year-old Honolulu girl several months ago.

Spanish Queen III With Scarlet Fever

By Associated Press.

MADRID, Jan. 15.—It was made known in Madrid this afternoon that Queen Victoria of Spain is confined to her apartments with scarlet fever.

INJURED IN QUAKE CAUGHT BY DEBRIS; TROOPS AID RESCUE

20,000 Killed and 35,000 Wounded Is Estimate of Casualties in Country-Wide Catastrophe

RED CROSS CABLES \$20,000; U. S. AID WILL BE ASKED

By Associated Press.

WASHINGTON, Jan. 15.—The American Red Cross today decided to cable \$20,000 immediately to the Italian Red Cross and to ask President Wilson, as head of the organization, to issue an appeal to the people of the United States for funds to aid the earthquake sufferers.

By Associated Press.

LONDON, Jan. 15, 4:32 p. m.—The Exchange Telegraph Company has received a message from its Rome correspondent who says that the magnitude of the Italian disaster increases as further news from the devastated area is received.

The casualties at Magliano Di-Marsi are estimated at 1300 out of a population of 1500.

At Pesoini 4000 persons are reported killed and the number of dead at San Benedetto is given at 3000.

All the people of the village of Capelle are believed to be buried in the ruins of their homes. The entire population of Albafucens also is believed to have perished and out of 500 inhabitants in the village of Lese 450 are said to be dead.

Every town in the Livi valley is reported today to have been either totally destroyed or very seriously damaged.

The work of rescue at Sora is being pushed with all possible expedition. There is, however, little hope of saving any of the people alive. King Victor Emmanuel is going to Sora today.

11,000 UNDER RUINS.

By Associated Press.

PARIS, Jan. 15, 3:10 p. m.—A dispatch to the Havas Agency from Rome quotes the Messaggero as saying that the number of dead at Avezzano is larger than has been believed. According to this paper, 11,000 persons lie buried beneath the ruins of the city.

The Messaggero says that at Cappadocio all the houses are uninhabitable and the people are camping on the snow. Twenty bodies have been recovered from the ruins there, and it is estimated that thirty more are still beneath the debris. The town of Sora is now nothing but a pile of ruins, beneath which are buried hundreds of bodies. Of the population of 900 only thirty escaped death. At Magliano-di-Marsi 1300 were killed. Cappelli was destroyed with the loss of more than 1200 lives. Nearly the entire population of San Benedetto, numbering 3000, met death. The towns of Ortucchio with 2400 inhabitants and Giosamoris with 3500 are in ruins. At Pescara the number of deaths is about 4000, which is approximately one-half of the population.

FEW OUT OF 17,000 ESCAPE.

By Associated Press.

ROME, Jan. 15.—There is reason to believe that only a few hundred persons out of the 17,000 who inhabited Sora have been saved. It is impossible as yet to ascertain the exact number of the dead and wounded. Relief expeditions have been hurried to Sora, and every hour is bringing more harrowing particulars of the destruction of the town.

The shocks were so severe at Sora that some buildings were apparently removed from their foundations and overturned some distance from their original positions. The river Liri is in flood.

20,000 KILLED, 35,000 INJURED.

By Associated Press.

ROME, Jan. 15.—Constantly shifting estimates, based on reports that continue to trickle in now, place the death toll from Wednesday's earthquake at 20,000 and the injured at a number in excess of 35,000.

Hundreds, possibly thousands, of victims still are buried alive in the wreckage of their hotels, while rescuers from every walk of life struggle desperately to dig them out. King Victor Emmanuel, who returned to Rome from Avezzano last night, personally superintended the release of a number of such unfortunates.

The king reached the capital in his private train, to which were attached three coaches bearing forty wounded. These, like the other hundreds who are slowly reaching Rome, were distributed about the hospitals, regular and extraordinary, in the city.

Pope Benedict this morning offered to the mayor of Rome the

(Continued on Page 2, Cols. 1-2)

MANY INJURED HELD IN EARTHQUAKE RUINS

Soldiers Are Sent to Scenes of Destruction in Italy

(Continued From Page 1)

use of the hospital at Santa Marta. The principal loss of life and probably the chief property damage appears to have been in Avezzano and Sora, fifteen miles away. Both of these municipalities were destroyed and their populations virtually wiped out.

6000 KILLED IN SIXTY TOWNS.

Latest reports place the number of dead in Avezzano at 10,000 and in Sora at 4000. In at least sixty other towns more than 6000 have been killed. From these towns come the majority of the injured. In Avezzano and Sora almost every one was killed.

The situation in Avezzano is more alarming because of the destruction of the aqueduct system and the consequent shutting off of the water supply. Communication slowly is being re-established and two hastily improvised hospitals and one refugee camp have been set up.

The rescue forces have been augmented by the staff of the United States Embassy at Rome, dispatched to Avezzano in automobiles by Ambassador Thomas Nelson Page. The secretaries and attaches carried supplies of clothing and provisions for the sufferers.

Reports from Switzerland show that the earthquake was felt in the Alps and caused destructive avalanches there.

As in the Messina catastrophe it is believed that it will be weeks before the loss of life can be known or the property loss accurately compiled. The work of recovering bodies is proceeding slowly.

MUTILATED BODIES EXTRICATED.

By Associated Press.
AVEZZANO, Italy, Jan. 15.—Rescue work in this devastated town is becoming a ghastly and nerve-racking task. The mutilated bodies of the townspeople extricated from the ruins are being laid along the road which once led to the railway station.

Some of the bodies are unrecognizable and frequently are claimed as bodies of relations by different persons. During the night the work of rescue was continued by torchlight and the flickering shadows made it appear as though the walls were about to fall.

Some did collapse, either as a result of the earth shocks still occurring or because the debris supporting them was removed by the workmen.

As the work of rescue goes on it becomes more and more apparent that many of the inhabitants did not die of injuries sustained in the earthquake, but as a result of becoming exhausted and frozen during the long hours of the winter night. One girl who had been hanging by her clothing for many hours from an upper floor of a building was finally rescued alive. Count Filippo Resta, a prominent resident of Avezzano, escaped, though his whole family of nine and two servants were buried in the collapse of their dwelling.

VICTIMS DIE ON KING'S TRAIN.

By Associated Press.
PARIS, Jan. 15, 4:50 a. m.—King Victor Emmanuel arrived in Rome from Avezzano last night, says the Rome correspondent of the Havas Agency. He had three cars attached to his special train in which forty badly injured persons had been placed. Three of these died on the journey. Premier Salandra and other members of the ministry and the mayor met the king on his arrival. The Havas correspondent at Avezzano wires that Deputies Bissolati, Chiaravalle, Federmotti and Celli have arrived there to examine the situation. They found that all streets had been blotted out and that the principal square alone was distinguishable.

STATE OFFICIALS REMAIN AT SCENE.

By Associated Press.
LONDON, Jan. 15.—King Victor Emmanuel departed from Avezzano last night, but the minister of public works, the under secretary of state and other officials remain. A number of physicians have arrived and with the help of the troops they are

RESCUERS WORK ALL NIGHT BY TORCHLIGHT IN RUINS

By Associated Press.
LONDON, Jan. 15, 10 a. m.—Rescuers working by torchlight toiled all night amidst the ruins of Avezzano, says a Rome dispatch from the Stefani Agency, but the work is necessarily slow because of the great amount of wreckage to be removed. Firemen from Rome who are engaged in the work are centering their efforts about the girls' school, in which so many of the pupils are buried. They succeeded in recovering one living child and one body.

organizing two hospitals and a camp for survivors. It will be weeks before anywhere near an accurate death roll is obtainable.

EARTHQUAKE EXTENDED TO ALPS.

By Associated Press.
ROME, Jan. 15.—Estimates of the killed and injured in Wednesday's earthquake vary from 25,000 to 50,000, and it probably will be days before the exact figures are available. Avezzano, 60 miles east of Rome, and Sora, 15 miles south of Avezzano, were the worst sufferers so far as loss of life is concerned, but about sixty towns and villages suffered either total demolition or serious damage. Reports today from the north say the shock was felt as far as the Swiss frontier, and in the Alps. In that region there were numerous avalanches as the result of the earthquake. This would make it appear that the earthquake extended throughout the entire length of Italy, with the exception of the extreme southern end.

The Italian government and people have quickly responded to the call for help from the stricken people. Thousands have been sent to the scene and the work of rescue and relief is going on night and day. Supplies of food, clothing, blankets and medicines have been dispatched by train where possible and by motor cars where the railroads are blocked. The central committee of the Red Cross was quick to act, having ordered all of its members to join in the relief work at the scene of the disaster. Troops have been sent by the government wherever needed and they are ordered to assist in excavating the ruins and to build wooden houses for survivors and to restore transportation facilities.

King Victor Emmanuel, according to advices reaching here, is tireless in his endeavors to spur on the rescue work and in encouraging the survivors. KING OBJECT OF GRATITUDE. Messages reaching here from along the line from Rome to Tivoli, Carcoli and Avezzano, say that everywhere the King passes the people rush to greet him to express their gratitude. The King, it is said, asks all to abandon formalities and to do so from the spontaneous demonstration. His only wish, he says, is to visit the injured and to express to them his sympathy and to ascertain what is possible to be done to relieve so much misery. Having heard that means of transportation are still lacking, the King has ordered that all the automobiles at the royal palace be immediately dispatched for use in the stricken districts. In his travels, whenever he reaches a telegraph station, the King sends messages to Queen Elena, who wishes to hear all details of the disaster.

Pope Benedict is deeply grieved over the misfortune which has befallen the Italian people. He showed his deep interests and sympathy yesterday by an unusual visit to the Santa Marta hospital, where forty-one persons, injured in the earthquake, are receiving treatment.

POPE CONSOLES SORROWFUL.

His holiness spoke to each one of the patients, asking for particulars of the disaster and inquiring about their families. He consoled them by saying that he would entrust to the clergy the task of seeking their relations and by imparting to all the apostolic benediction.

The American ambassador, Thomas Nelson Page, called at the ministry of the interior yesterday to express the sympathy of America over the disaster which has befallen Italy. The ambassador dispatched an automobile from the embassy with Second Secretary Norval Richardson, Lieutenant Commander Charles Train, the naval attaché, and Private Secretaries John Harrison and Marion Simms Wythe. They started for the Avezzano district with supplies, especially blankets, which they will distribute.

Avezzano, the chief sufferers from the earthquake, presents a scene of wreck and desolation according to advices received from that place. Practically every building in the town is in ruins and nearly all its people are dead or injured.

MANY BURIED UNDER RUINS.

Many are still alive, buried under the debris, and the rescuers are working night and day in an endeavor to reach them. Late advices say that about 500 bodies have been recovered and that hundreds of the injured have been taken from the ruins. Nearly all the civil officials of Avezzano, including the mayor, lost their lives. Similar conditions exist in the towns and villages around Avezzano. Magliano, to the north, and Pescina, to the east, are practically in ruins. Among the missing in the last named place is Monsignor Bagnoli, the bishop of Pescina.

Cold and snow are adding to the sufferings of the survivors. The lamentations of the people, according to correspondents who have passed through the district, are pitiful and they are begging to be taken to places where it is possible to care for them.

NOTABLE GATHERING TO WITNESS SCOTT FILMS

Audience of Teachers Will Be Guests of the
Tribune at Hanford Lecture

From indications shown in tickets issued to teachers and directors of this county who are guests of THE TRIBUNE, will witness the remarkable film records of the Scott expedition to the South Pole, and hear Charles B. Hanford's wonderful story of the trip. The affair will be one of the most notable ever held in educational circles in Oakland.

Hundreds of TRIBUNE invitations which have been issued to all the registered teachers of the county as well as to many private teachers, have been exchanged at the box office of the Macdonough where, Monday afternoon and evening, the wonderful scientific record of the most famous expedition in modern history will be seen.

Every stage of the long trip over the frozen lands and seas to the South Pole is shown in the remarkable pictures and, almost until the time of Captain Scott's death, the expedition is revived on the screen.

PRIVATE TEACHERS INVITED.

Invitations were mailed to all the county's registered teachers. Private teachers, whose names are not on the official rolls, may receive invitations by calling at THE TRIBUNE office. Educational experts who saw the films of their last trip declare that no teacher should miss them, and it is in pursuance with this suggestion that THE TRIBUNE has arranged to entertain the county's teachers during the present appearance of the films.

The British Antarctic Expedition of 1910 was the best equipped polar enterprise ever sent out from any land. Captain Scott recognized that he must not rest content with bringing back a bare record of the endeavor but must gather complete data of every phase encountered, whether of earth, sea or sky and that he must obtain these through a staff of specialists more thoroughly qualified and trained than any who had hitherto visited the Antarctic. By reaching the South Pole Captain Scott and his four comrades succeeded in the main object of the enterprise and, in laying down their lives in so doing, gave all that human power could offer to maintain the traditions of our race.

MOST DIFFICULT PICTURES.

Captain Scott was the first explorer to make the art of photography an important part of a great polar expedition by inventing and securing the cooperation of Herbert G. Ponting, whose wonderful pictures have already taken him over more than a score of lands from the plateau of Manchuria to the jungles of the tropics. When the wonderful technique of Mr. Ponting's pictures is recognized, it is almost impossible to credit that these results were obtained under difficulties seldom paralleled in the history of photography. Dangerous at times were none the less real than difficult. More than once the ice broke under the artist's feet and on one occasion as mentioned in Captain Scott's journal, he was attacked by killer whales, the most ferocious of marine creatures, narrowly es-

MURDERERS DIE IN TWO PRISONS

Farris at San Quentin, Raber at Folsom, Are Executed.

(Continued From Page 1)

fare." Then he thanked the church for comfort given.

At 10:51 o'clock the trap was sprung. Twelve minutes afterward the prison doctor said Raber was dead.

Raber killed Cherry de St. Maurice, known as the tenderloin queen of Sacramento, in July, 1913, at her house. The rooms were ransacked for money and jewels, and several days later Raber and John Drumgoolle were arrested at San Diego, where they tried to pawn jewels which had belonged to Cherry.

The last effort to save Raber's neck was lost last night when Governor Johnson signed the execution warrant. Farris, known as the tenderloin queen of Sacramento, in July, 1913, at her house. The rooms were ransacked for money and jewels, and several days later Raber and John Drumgoolle were arrested at San Diego, where they tried to pawn jewels which had belonged to Cherry.

Farris had swung aboard the Sunset Limited and was robbing the passengers in the observation car when Montague entered and began to walk down the aisle toward him. Farris, who was unarmed and highly nervous, shot him squarely through the forehead and jumped off the train.

A fortnight later he was recognized on the streets of San Francisco by Mrs. Coleman, of J. H. Coleman, a Southern Pacific agent, who had been robbed of her engagement ring and other jewelry in the first lap of her wedding journey.

Coleman and his wife were walking along Mission street near Twentieth when Farris passed them.

"That's the robber who held us up on the train," said Mrs. Coleman, clinging closer to her husband's arm.

TRAIL BANDIT.

The couple followed the suspect. Coleman kept him in sight while Mrs. Coleman stepped into a store and telephoned the station police station. Patrolman Tim Connelley, in the motor patrol, sped to the scene, picked up the Colmans and captured Farris.

At first obstinately mute, Farris broke down when he was identified by passengers of another Southern Pacific train. He had robbed the month of a month near Richmond. A search of his rooms disclosed numerous pieces of jewelry which were later identified and at the time of his arrest he was wearing some of the loot taken from the Sunset Limited.

Farris was convicted and sentenced to death. After he was taken to San Quentin, Mrs. Edna Gerson Montague, widow of the man he had killed, interceded with Governor Johnson for his life.

A witness brought forward by the San Francisco police identified Farris as the burglar who killed Edward Driscoll in San Francisco on the night of December 20, 1912, but the identification was never substantiated, and Farris, while confessing to the killing of Montague, always denied the Driscoll murder.

Appeals to the governor and the supreme court delayed the execution of sentence until today.

Farris' aged father and mother live at Bakersfield. His father is crippled and is employed as the gate and switch tender by the Southern Pacific, since being hurt in an accident on the company lines.

OVERTAKEN BY POSSE, SLAYER KILLS SELF

TACOMA, Wash., Jan. 15.—Overtaken on his way to Tacoma by a member of a posse pursuing him on a murder charge, A. Araki, a Japanese, killed himself in the sight of the officer at a farm house near Telem. Araki, it was charged, shot and killed T. Sokomoto, a fellow countryman, in a quarrel over a card game at Rainier, 20 miles southeast of Tacoma, Wednesday night. He is alleged to have taken considerable cash from his victim.

Official War Statements

By Associated Press.

PARIS, Jan. 15, 2:46 p. m.—The French official report refers briefly this afternoon to the military situation to the northeast of Soissons. It says the Germans yesterday occupied the village of St. Paul, close to Soissons, but the French at once drove them out.

With the exception of the customary artillery exchanges, a spirited infantry encounter in the Vosges which the French claim the victory, and a successful infantry charge near Arras, the report contains little that is new. The statement follows:

"From the sea to the Lys there were yesterday artillery engagements, some of them quite spirited. We made progress near Luxembourg and near Becelaere. To the north of Arras a brilliant attack by Zouaves resulted in the capture at the bayonet of the positions of the enemy near the road between Arras and Lille.

"In this same region at Targette and at St. Laurent, as well as at a point to the north of Andechy, in the region of Bore, our artillery secured the advantage over that of the enemy.

German batteries were reduced to silence, two pieces of artillery were demolished, a depot of ammunition was exploded and field works in course of construction were destroyed.

"At a point two kilometers (a mile and a quarter) northeast of Soissons, the Germans attacked the village of St. Paul. They entered the village, but we lost no time in recapturing it.

"In the region of Craonne and near Rheims there were yesterday violent artillery engagements, during the course of which the batteries of the enemy were frequently reduced to silence.

"In the region of Perthes, in the Argonne, and on the heights of the Meuse, there has been nothing important to report. We have destroyed the foot bridges set up by the Germans over the river Meuse at St. Michel and in the forest of Alluy we repulsed an attack upon the trenches taken by us January 8.

"In the Vosges to the south of Soissons we repulsed the Germans after a

spirited infantry engagement. We broke through their barbed wire entanglements and occupied their trenches.

"Along the rest of the front there is nothing to report."

TORPEDO BOATS OFF COAST.

By Associated Press.

BERLIN, Jan. 16 (by wireless to London).—The German official statement on the progress of the war in its reference today to the engagements north of Soissons, in France, says the north bank of the River Aisne in this vicinity has been cleared of French troops and it mentions six villages north and northeast of Soissons which have been occupied by German troops. The French suffered heavily and retired to the south of the Aisne under the fire of the German heavy artillery. At other points French attacks were repulsed but near Ecurie the Germans lost a trench.

In Poland west of the Vistula the German attacks are described as progressing slowly.

The text of the statement follows: "Some torpedo boats appeared yesterday off Westende. They were accompanied by small craft, which approached to within nine miles of the coast.

"French attacks on both sides of the Notre Dame de Lorette, northwest of Arras, were repulsed by us. A trench which we took eight days ago from the enemy near Ecurie and which had since been occupied by a portion of one of our companies, was lost by us. The fighting in this locality continues to rage today.

"The northern bank of the river Aisne to the northeast of Soissons has been cleared of French troops. By continuous fighting we were successful in taking Cuffies, Croup, Buchy-Le-Long, Miss, as well as Vauxrot and Valliere (all to the north and northeast of Soissons). The French have suffered heavy losses. Their retreat to the south of the Aisne took place under the fire of our heavy artillery. The conditions which obtained in this battle were very similar to those which prevailed in 1870. Even though the two battles north of Soissons are not comparable to those of August 15, 1870, the battle field was about as wide as that at Gravelotte and St. Privat.

ATTACK REPULSED, CLAIM.

"The French made a very strong attack north of Verdun, near Consenvoye on our positions near Alluy, but were repulsed by us.

"In the region of St. Mihiel, the French delivered some attacks. They reached our front lines of trenches, but were beaten off by counter attacks and sustained heavy losses. During fighting last night our troops occupied some of the positions of the enemy, but after rebuilding our positions we voluntarily left those taken from the enemy without a contest.

"An attack in force near Meziul, north of St. Mihiel, was beaten off by us.

"In the Vosges there were yesterday nothing more than artillery duels.

"In East Prussia and North Poland there has been no change. Our attacks in Poland west of the Vistula are making slow progress. In the capture by us of one Russian vantage point northeast of Raskva we took 500 Russian prisoners and became possessed of three of their machine guns. Stubborn counter attacks by the Russians were here driven back with heavy losses to the enemy."

Battleship Kansas Is Damaged by Storm

NEWPORT NEWS, Va., Jan. 15.—The battleship Kansas sustained damage in yesterday's storm off the Virginia coast which it will require two weeks to repair, it was reported on the ship's arrival in Hampton Roads last night from Philadelphia. A 60-mile gale whipped up big seas that broke over the vessel's decks for seven hours, it was said. The Kansas was on a speed run.

Realty Man Shoots Wife, Kills Self

NEW YORK, Jan. 15.—Edward de Forest Smith, wealthy real estate operator, committed suicide last night after shooting and probably fatally wounding his wife, Elizabeth Ryder Smith, in her mother's apartment in Harlem. An 8-year-old son witnessed the shooting. Smith and his wife had lived apart for a year. He was 35 years old, six years his wife's senior.

RELEASE SHIPS ON BOND.

WASHINGTON, Jan. 15.—Release on bond of ships detained in British waters by the British government if the judge of the court is willing, according to a statement issued today by the British embassy.

TURKS MURDER

PERSIAN RULERS

Governors of Towns Are Shot Down by Invading Moslems.

(Continued From Page 1)

Persian governors of the towns of Soufjabad, Maragha, and Burat, through which they passed in making their way to Tabriz.

"The small Turkish force which went into Tabriz is now moving in the direction of Isfahan, in Central Persia, 200 miles south of Teheran. It is supported by other Turkish contingents."

TO EVACUATE PROVINCE.

TEHERAN, Persia, Jan. 14, via London, Jan. 15.—The Turkish ambassador here has notified the Persian government that the Porte is ready to evacuate the province of Azerbaijan as soon as the Russians definitely move out of this territory and after the heir to the throne reaches Tabriz to assume control. The heir to the throne is to leave Teheran for Tabriz in a few days.

Turkey's note to Persia is a reply to a Persian ultimatum recently forwarded to Constantinople demanding that Turkish invading forces withdraw from Persian territory. It is in accordance with Persia's announced intention of maintaining her neutrality in the war.

Several towns in the province of Azerbaijan have been occupied by Ottoman troops in the recent Turkish campaign in Northwestern Persia against the Russians. Tabriz, capital of the province, was occupied Wednesday by the Turks after the evacuation of the town by a Russian force which had garrisoned it.

HARDWARE MEN ELECT.

KANSAS CITY, Mo., Jan. 15.—Election of officers last night ended the annual convention of the Western Retail Implement, Vehicle and Hardware Dealers' Association here. George W. Collins, Pelletville, Kansas, was chosen president. T. N. Witten, Trenton, Mo., vice-president, and W. T. Osborne, Salina, Mo.; George H. Brett, Ponca, Okla., and Charles Benson of Kansas City were made directors. The meeting place for next year was tentatively set for St. Louis.

store, declares that he first heard the men attempting to force the window at about 1 o'clock in the morning.

The federal authorities sent detectives to Warm Springs today to investigate the matter. Finger prints found on the windows may serve as clues in locating the robbers.

According to Sheriff Barnett the work shows all the marks of the safe-cracker gang that has terrorized small banks and postoffices in this region for some time. The men, he declares, are members of a gang of about twenty, once driven out of a camp at Marysville. Several suspects were arrested in the north recently, but released for lack of evidence.

Roads from Warm Springs to Millitas, San Jose and Oakland are being watched by the officers in an effort to locate the bandits.

TAKE OVER STORE

OF BRITAIN CO.

Bogart Sales Company Will Continue Hardware Business.

The remaining stock of the Britain Hardware Company has been taken over by the Bogart Sales Company which will continue the business of the Britain firm at the store on Broadway near Eighth street.

Bogart is an experienced hardware man of long service. He first entered the business 25 years ago in San Francisco with the firm of Huntington Hopkins Company. For the past five years he has been associated with the Britain Hardware Company as managing director of the concern.

Associated with Bogart as manager is E. O. Bundy, who has been connected with the Britain Hardware Company for many years.

SCHOOLS AND TAXES BUSY LEGISLATORS

COLORADO FLOODS
BILL TO BE
RUSHED

Relief Measure for Imperial Valley to Pass First Session.

By Associated Press. SACRAMENTO, Jan. 15.—A bill designed to protect the Imperial Valley against the spring floods of the Colorado river was unanimously recommended for passage early today by a joint committee of both houses on irrigation and over-flooding lands, and is scheduled to be rushed through the legislature as an emergency measure at the first call of the session.

It permits any irrigation district of 500,000 acres or over to assess the people within its district for funds to rear dikes and embankments for flood protection. Representatives of Imperial Valley here urging the measure declared they wish to raise \$200,000 to bank the north side of the Colorado in Mexico where timely remedy will save off damage that would run over the million-dollar mark.

TO RE-DIRECT SCHOOLS.

A meeting of the Senate and Assembly education committees with the State Board of Education was to be held during the day, when the extensive educational program was to be outlined. It contemplates measures creating vocational branches in the public schools and the establishment of separate vocational schools. Other measures providing for various changes in the school system were to be discussed.

Saturday morning the revenue and taxation committee will, according to program, hear the sides of the banks and general corporations. Administration leaders declare that an objection is expected from the banks, which will oppose an increase of their present one per cent tax on shares of stock. Their burden of increase announced by Professor Carl C. Fiehn, rate expert for the State Board of Equalization, will be an additional 2 per cent on bank shares.

By the completion of the new taxation bill will occupy the time of the joint committee.

Private Practice for District Attorneys to Be Abolished by Bill

By Associated Press. SACRAMENTO, Jan. 15.—A law forbidding district attorneys, their assistants or deputies to engage in private practice of law is the aim of a measure which Senator Jones introduced today.

"In a very large number of criminal cases there is a civil end to the case, and in many of these instances we find district attorneys on the opposite side of the civil case from the one which they are prosecuting. Parties to the civil suit are called in to make a settlement, and the criminal case is dropped. It is used as a club," said Senator Jones. "The bill is also based on the theory that the state pays district attorneys for their full time and they should give their full time to the service of the people. We sometimes find district attorneys asking for more assistants when they are devoting a lot of time to private practice. Small counties in which the district attorney has no assistants will be excepted."

No district attorney is permitted to serve in the defense of anyone charged with crime in any county of the state under the terms of a bill introduced by Senator Kehoe of Eureka.

STATE LIBRARY MAY HAVE CIVIL SERVICE

SACRAMENTO, Jan. 15.—Bills introduced in the Senate yesterday were:

By Benedict—Placing all county library systems of the State Library under civil service.

By Mott—Appropriating \$25,000 for improvements at the Santa Barbara State Normal School.

By Scott—Increasing the number of notaries in San Francisco from 110 to 150.

By Ballard—Exempting from jury duty superintendents or employees of gas companies and superintendents of water companies.

By Ballard—Allowing four peremptory challenges in civil suits to each of the several parties in an action, although on the same side.

Capital Notes

SACRAMENTO, Jan. 15.—No one may fish, except with hook and line, within 1000 feet of a wharf or pier within 1000 feet of the low water mark of the Pacific ocean, under the terms introduced by Senator Benedict.

The national system of weights and measures is applied to the state in a bill entered by Senator Scott. It also provides for adoption of metric measures.

Two bills, aimed at reducing the mileage expenses of legislators, were introduced in the Assembly. One bill, by Chamberlain of Los Angeles, would fix the traveling expenses of the lawmakers on a basis of the actual expenses incurred. Assemblyman Kennebec's bill provides for the payment of mileage at 10 cents a mile for the actual distance traveled between the home of the legislator and Sacramento.

Assemblyman Elston of Tehama is the author of a bill to amend the constitution to extend aid to persons of moderate means in maintaining homes by providing for an exemption of \$500 in valuation on the property of every householder in California. The measure would have the effect, according to Elston, of encouraging the building of homes.

A vote of confirmation on Berkeley's new city charter was called today. Berkeley will tomorrow have a new government system.

Assemblyman Walter McDonald has introduced a bill providing for a tax of one mill on a dollar valuation, for caring for orphans.

St. Ignace College graduates may be admitted to law practice without taking the state examination of the bill filed by Assemblyman Fenderson of San Francisco yesterday. Several educators will urge its passage.

Opposition developed today against the proposed to assign all agricultural commissioners into one. The wide interests and other farm development organizations are to fight the plan.

Senator Ballard has introduced a bill providing that only property holders may vote on bond issues.

Senator Expects National Guard To Shoot Straight

No more the festive dance
Shall be a soldier's sphere;
No more may guardmen gaily prance
To waltz and tango, or perchance
To fox trot; for we fear
That legislators have delusions
That soldiers ought to shoot;
And that they've made a few at-
tempts
To guns, and drills, and war's con-
fusions.
So tango gets the boot!

SACRAMENTO, Jan. 15.—Current events are the limit. It's a disaster. Why, they actually think guardmen ought to know how to fight!

There's a protest coming from the national guard officers, who are shocked to find they're going to be forced to do tango and substitute marksmanship for Terpsichorean art. Ability is to supplement popularity.

Of course, the officers won't be affected. California's fine guard record shows that; but enough will be, in the opinion of Senator Scott of San Francisco, to justify a law. He has proposed regulations doing away with election of national guard officers by their comrades, and making them appointed on an efficiency basis.

He declared that some officers spend more time in politics, society, and carrying popularity than in their duties.

The bill proposing the change also proposes an appropriation of \$100,000 for a new armory in San Francisco.

CORPORATIONS BEG NEW TAX SYSTEM

Telephone and Telegraph Companies Accept Raise, But Ask Change.

By Associated Press. SACRAMENTO, Jan. 15.—With the same brevity and grace that the railroads and light and power utilities accepted their tax rate increase, the telephone and telegraph corporations appeared yesterday afternoon before the joint revenue committee of the legislature and acquiesced in the raise.

Concerning the proposed increase from 42 per cent of their gross earnings to 45 per cent, which will increase the taxes of the Pacific Telephone and Telegraph Company, about \$50,000, Barney Carroll, its representative, said:

"We acquiesce practically in the situation as set forth by the representatives of the railroad and power companies. We recognize the necessity of the situation, but we join with the others in the hope that some new basis will be established whereby the fundamentals of this tax matter may be more satisfactorily settled."

G. P. Ochs of Los Angeles, representing the Home Telephone Company of Los Angeles said:

"I have only a hard luck story to tell you, but we join, though I cannot say cheerfully, in consent to the necessities of the state. We are now paying not 22 per cent of our gross earnings but an additional 2 per cent of our gross earnings on our franchise which makes a heavy burden for us to bear."

The case of the Western Union Telegraph Company was presented by Beverly Hodgehead of Berkeley, who declared that the telegraph companies in being classed with the telephone companies endured an inequitable burden, but he indicated that no contest would be made at this time against the increase.

Insurance and express companies will be heard this afternoon and the banks and general corporations at 10 a. m. Saturday. Among the legislators a general impression prevails that the banks will present strong opposition to the tentative plan to raise their rate from one per cent of their shares of stock to 1.2 per cent. It is reported that they will attempt to show that anything more than an increase to 1.1 per cent would be an unjust burden upon the banks.

RONCOVERI SUGGESTS CHANGE IN SCHOOL TAX

SACRAMENTO, Jan. 15.—More school funds are sought by Superintendent Albert Roncover of the San Francisco school department, who is now in the capital to see what can be done toward relieving the schools for the money lost by the abolition of the state poll tax.

One of his suggestions is a saloon tax. This is opposed by prohibitionists, who declare that it will cause teachers and others to look with more complacency on the liquor traffic. A per capita budget is also suggested by the school expert. Committees are now at work on several different plans, reports on which will soon be issued.

A radical change in state high school payments is urged by the State Board of Education, in a bill providing that the country at large shall pay three-sixths of the expense of each school, the state one-sixth and the district two-sixths.

RODGERS WOULD CHANGE BIFURCATED SESSIONS

By Associated Press. SACRAMENTO, Jan. 15.—A proposed constitutional amendment limiting the first part of the legislative session to twenty days and providing for a recess of ten days, instead of the present thirty days, was presented by Assemblyman Rodgers.

Assemblyman W. A. McDonald introduced a proposed constitutional amendment providing for a property assessment of one mill on each dollar to create a fund for the support of orphan, blind, and dependent children. The fund would be expended under exclusive control of the state.

A proposed constitutional amendment by Assemblyman Spangler would fix the terms of supreme court justices at six years.

Assemblyman Bartlett presented a proposed amendment relative to the liability of stockholders of corporations, directors and trustees.

BUILDINGS FOR INSANE

By Associated Press. SACRAMENTO, Jan. 15.—Appropriation bills totaling \$75,000 for the Stockton state hospital were introduced by Senator Stockenbruck. The items are \$30,000 for convalescent building, \$30,000 for isolation hospital, \$12,000 for dairy herd, \$3,000 for boiler. Another bill by Stockenbruck asks for \$20,000 for improvements at the Truett school of industry.

CONTEST FAILS TO BREAK MAJORITY

Bagby Loses Before Assembly; Administration Phalanx Holds Firmly.

By Associated Press. SACRAMENTO, Jan. 15.—Dr. H. C. Bagby of Santa Barbara lost his fight in the over-lose majority to contest the seat of Assemblyman Ira T. Kramer of Santa Barbara. An all-day discussion ended with the Assembly voting 50 to 27 against the Cary resolution asking for a re-count and the adoption of the contested elections committee's report recommending that Kramer retain his seat by 50 to 25.

Assemblyman Cary, who led the fight for the recount and presented the resolution, pleaded long and earnestly for the Assembly to order the balloting of the fifty-ninth Assembly district into the House. Bagby lost to Kramer last November by six votes. Fifteen or more took part in the discussion. Members of the contested elections committee, McSlight, chairman, defended their report by endeavoring to show that Dr. Bagby had submitted no evidence to warrant a recount.

DEBATE LIMITED. Other assemblymen, Republicans and Democrats, declared that common justice demanded the passage of the Cary resolution to determine who was legally entitled to the Assembly seat. Speaker Young placed 15-minute limit on the speakers, but by consent of the members the limit was lifted and speeches ran on half an hour or more. Assemblymen Henry Ward Brown and Milton L. Schmitt, Republicans, declared that the expense of the recount would be nominal—\$14, they thought—would cover it.

It was the first time of the session that the Assembly galleries were filled and there was not a vacant seat on the floor of the House. Guests of assemblymen occupied chairs in the aisles and senators were numerous in the chamber. It had been indicated that the Cary resolution would precipitate the first fight in the lower house, and many eyes were watched with interest in the voting. The following assemblymen voted for the Cary resolution:

Ashley, Bartlett, Beck, Benton, Boudreau, Boyce, Henry Ward Brown, Brock, Burke, Cary, Chamberlain, Conrad, H. G. Edwards, Hixson, Kerr, Lottister, Manning, McCray, Pettis, Quinn, Ream, Rigdon, Rodgers, Rominger, Schmitt, C. E. Scott, L. B. Scott.

FERGUSON PROPOSES LABOR BUREAU BILL

By Associated Press. SACRAMENTO, Jan. 15.—Forty-eight bills, four proposed constitutional amendments and two joint resolutions, poured into the assembly hopper yesterday, having been introduced to date 251. One of the day's important measures was to establish a chain of state labor employment bureaus to handle the unemployed problem. It is not the administration bill for the relief of the unemployed, which has not yet been introduced. Assemblyman Ferguson of Oakland asks an appropriation of \$100,000 to establish employment agencies in San Francisco, Los Angeles, Sacramento, Stockton, Oakland, Fresno, Bakersfield and San Diego. By the provisions of the bill each applicant accepting employment shall be requested to pay a fee of 25 cents. For work of six days a fee of ten cents will be required. Provision is made to extend credit to applicants who are unable to pay the fee.

The bureaus would be conducted under the direction and supervision of the state bureau of labor statistics.

LEGISLATORS ADJOURN TO MONDAY FORENOON

By Associated Press. SACRAMENTO, Jan. 15.—"Speed up your committees for the consideration of bills. What we don't accomplish in this half of the session we must work harder to complete after recess and thus drag out the session and postpone final adjournment."

This was the admonition of Speaker C. C. Young today to members of the house committees after announcement of postponement of committee meetings had been made on the floor.

The committees have been slow in getting down to work and little more than organization details of the various bodies has been effected.

DISINFECT DOCTORS, IS GELDER'S IDEA

By Associated Press. SACRAMENTO, Jan. 15.—Physicians and nurses would be required to thoroughly disinfect their clothing before leaving the sick rooms of persons afflicted with contagious or communicable diseases by the provisions of a bill introduced by Assemblyman Gelder. Assemblyman J. McDonald is the author of a bill prohibiting the publication of or circulation of advertisements containing assertions which are untrue and misleading.

TUBERCULOSIS BILLS URGED.

By Associated Press. SACRAMENTO, Jan. 15.—Two bills designed to aid the campaign against tuberculosis in California were reported out of the Senate committee on public health last night with a recommendation for passage. They were Senator Jones' bill for an appropriation of \$100,000 to the counties to be expended at the rate of \$2 a week for each tubercular patient, and Senator Crowley's bill for the establishment of a state tuberculosis hospital at a cost of \$150,000.

STATE SPRINKLER WANTED.

By Associated Press. SACRAMENTO, Jan. 15.—An appropriation of \$10,000 was asked by a bill to be presented today by Assemblyman D. P. Hays of San Jose to provide a sprinkling system for the state highway, extending from Saratoga Gap on the line between the counties of Santa Clara and Santa Cruz, into and through Calaveras and Redwood Park. Another appropriation of \$100,000 is sought in a bill by Hays for the construction of a building in Redwood Park for use as a garage and barn.

TO SEGREGATE PATIENTS.

By Associated Press. SACRAMENTO, Jan. 15.—To provide a separate home for male inmates of the State Hospital who are able to work, a bill appropriating \$100,000 to construct a cottage for them, was introduced today by Senator Jones of San Jose. Other bills introduced by Jones call for \$20,000 for a dairy barn and \$10,000 for a dairy herd for grubs. The three appropriations have been approved by the board of control.

INQUIRY FOLLOWS ELECTION RECOUNT

Supervisory District Vote to Be Probed by Grand Jury.

(Continued From Page 1)

was no grounds for demanding that the precinct be thrown out. The other side apparently was not prepared to produce such evidence, so the results of the ballots themselves had to stand."

GRAND JURY NEMO.

That this evidence has since come to hand was stated by the grand jury. It was intimated that the grand jury would be presented with the facts at an early date. Precincts hitherto mentioned have been seriously questioned, as well as the integrity of the officers who served during the general election. It is possible that the matter will come up before the grand jury on affidavits or by personal testimony tending to fix the responsibility for the alleged frauds.

The grand jury today took the testimony of Commissioner Harry S. Anderson in its investigation of the dredger deal.

Also the grand jury had subpoenaed George Lynne, chauffeur employed by Supervisor Kelley. Lynne testified yesterday afternoon, as did also Jacob Croter, a deputy county clerk and formerly a deputy assessor. Croter was questioned regarding precinct 37 in Oakland, where Free S. Beach, one of the convicted primary election officials, served.

Mrs. A. Jamison, mother-in-law of Beach, was called as grand jury witness. Her appearance before the inquisitorial body at this time is considered as significant, in view of the fact that Beach has asked for probation and that two other men who served on the board in precinct 37, Keller and Franklin, were also called before the grand jury yesterday. The precinct was located at Fifth and Jackson streets. Mrs. Jamison was one of the principal witnesses for the prosecution during the trial in which he was convicted by a jury in Superior Judge Ogden's court.

MAY AID ITALY.

By Associated Press. SACRAMENTO, Jan. 15.—Under a suspension of the rules a resolution expressing profound sympathy for the people of Italy because of the Arzozano earthquake and promising generous response if an appeal for aid is made was unanimously passed by the Senate today and sent with a "yes" order to the Assembly, where it was likewise approved. It was introduced by Senator Wolfe. The full text of the resolution has been telegraphed to the Italian Ambassador at Washington.

BILL AGAINST NEPOTISM.

By Associated Press. SACRAMENTO, Jan. 15.—A bill aimed to abolish nepotism by providing measures or penalties and forfeitures of office for junior officers or state officials who appoint relatives to positions was presented today by Assemblyman Henry Ward Brown. Fine for violation ranges from \$100 to \$1,000.

PURPOSES BOXING AGAIN.

SACRAMENTO, Jan. 15.—A proposed constitutional amendment creating a state athletic commission of three members to have jurisdiction and control of all boxing contests which would be limited to ten rounds, was introduced in the Assembly today by Assemblyman Marmon of San Francisco.

ECONOMY IS SLOGAN OF LEGISLATURE NOW

SACRAMENTO, Jan. 15.—Economy's the watchword of the hour in the capital today. There's a plan afoot to cut the expenses of the Senate from \$500 to \$250 per day. The fact that the state collected \$700,000 in interest yesterday

on a loan has increased the spirit of economy.

If the Senate plan goes through it means a flock of deputy sergeants-at-arms and other official and costly dignitaries may be dismissed. Senator Claude Purkert of Glenn county advanced the plan on the ground that it would be helping Governor Johnson to economize. Today he introduced a constitutional amendment providing for the

cut. He declares that the change will mean fewer guards and sergeants and one stenographer for half a day only to each legislator.

The Anglo London Paris National Bank of San Francisco has paid to State Treasurer Knudsen \$700,000 interest on a \$1,000,000 loan made by the state at 2 1/2 per cent. Another payment of \$300,000 will probably be made late this afternoon.

"CASEY AT THE BAT" HAS GREAT FILM SUCCESS

"Casey at the Bat," made famous by De Wolf Hopper and in the repertoire of every amateur comedian in the country, has been turned into a motion picture which will be shown at the Oakland Theatre the early part of the week. The reduction of the epic to celluloid was made by H. M. Shields, an artist whose work has been familiar to readers of THE TRIBUNE, and J. C. Terry, another cartoonist who claims California as his home. The film was made from no less than twenty-five hundred different drawings and, photographer in sequence, they depict the wonderful humor of the poem in a way that must needs be seen to be appreciated. Such baseball was never imagined before and when the sphere propelled by the magic arm of Charley Hoss, the pitcher from the brush, pauses a foot away from Casey, encircles that worthy's neck two or three times and finally shoots past the bat, with the resultant "one strike!" announced by the umpire, it most decidedly is to laugh. When the eminent fan is finally struck out he falls into a state of coma and is finally seen in the Mudville Emergency Hospital, where he mutters and groans points at the hole in his bat, thus establishing a complete alibi. "Casey at the Bat" is the first of a series of "Cartoonographs" to be produced by the Mowbray Film Company, of which Terry and Shields are directors and judges by the present effort there will be a large demand for their output.

BURGULARS HAVE NIGHT OF FRUITLESS EFFORT

Three attempts at burglary were made during the night, according to reports made to the police, but the burglars failed to obtain anything of value. The places were as follows:
J. Arenstler, 312 Twelfth street; F. H. Nell, 227 Railroad avenue; D. W. Wells, 823 Wood street.
Sang Lee, 387 Ninth street, reported to the police that coin amounting to \$12 was stolen from his place of business.
Patrolman Thomas Merrick heard the sound of breaking glass early this morning as he was walking down Broadway. He ran in the direction of the sound and saw a man just leaving a store at 238 Broadway, carrying two shirts under his arm. Merrick ran after him and effected his capture. The man gave the name of John Conrad and admitted having broken the window. He was then charged with burglary.
Mrs. May Miller, 510 Washington street, reported to the police that her room was entered during the night and that a purse containing \$3 was stolen.

MONTICARLO HARD HIT

PARIS, Jan. 15.—The Monte Carlo Casino is suffering severely from the war. The daily receipts of the gaming rooms are now only \$6000; a year ago they were \$70,000. Since the beginning of the season the decrease has amounted to \$2,500,000.

TAYLOR VANCOUVER MAYOR.
VANCOUVER, B. C., Jan. 15.—D. Taylor, publisher of "The World," who has been previously mayor of Vancouver for two years, defeated the retiring mayor, T. S. Baxter, at the civic elections tonight by 200 majority.

HARRY A. BUTTERS, JR., TO FIGHT FOR ALLIES

Harry A. Butters Jr., son of the late Mr. and Mrs. Henry Butters, and heir to a share of the Butters fortune, is planning to sail for England in February to join the British army at the front in Europe. At present the young man is at Ripon, his ranch in the San Joaquin valley near Stockton, but is making preparations for a long absence.
Harry Butters was born in California, but is of English descent, and was educated in England. Most of his life was spent in South Africa, where his father had rich mining interests, and in England where the family made their home for several seasons before the death of Mr. and Mrs. Butters. It is natural that his sympathies should be with Great Britain and for several months he has considered going to London to enlist in her service. Recently when the call for more troops was sounded and there were rumors of conscription in England, he decided to arrange his affairs in California and go to fight for the king.
Young Butters is a brother of Mrs. R. A. Bray of Piedmont, Mrs. Lincoln Karmann of Mare Island, Mrs. Charles Teague of St. Helena and Mrs. Victor H. Metcalf Jr. of San Francisco. He has been a conspicuous figure in society, although for the last year he has lived on the ranch near Stockton. He is a nephew of Charles Butters of Claremont.

MAN IS ROBBED IN LOBBY OF BUILDING

SAN FRANCISCO, Jan. 15.—John Soft of the Admiral hotel, 148 Embarcadero, was held up by two robbers in the lobby of the Standard Oil Company's building, Sansome and Bush streets, at 2:30 o'clock this morning. He believes the pair followed him from a saloon at Clay and Kearny street. While one of the men held him about the waist the other took \$15 and a watch.
Edward McPherson of 2977 Eighteenth street, was stopped by two men at Jackson street and Columbus avenue, who asked him how much money he had. They struck him over the head with a club and went through his pockets which, however, were empty. He was treated at the emergency hospital for a lacerated wound over the eye.

PORTLAND PRICES ASCEND.

By Associated Press.
PORTLAND, Ore., Jan. 15.—All grain sold on the Portland Exchange yesterday went at new record prices. Twenty thousand bushels of March bluestem sold at \$1.48 per bushel, an advance of 1c since yesterday and within half a cent of the highest price paid for May bluestem on January 9. February bluestem advanced 4c to \$1.48. March oats at \$38 per ton was 50c higher.

ARRAIGNED: FORGERY CHARGE.

Walter J. Moon, a chauffeur, was arraigned before Judge Mortimer Smith this morning on a charge of forgery. Moon was arrested last night at 1034 East Fifteenth street by Corporal Fahy and Patrolmen McCormick and Kimmel. Moon is alleged to have forged a note for \$20.55, which he subsequently passed on E. C. Ambrose, a grocer.

R. LLOYD MAY BE LABOR CANDIDATE

Informally Mentioned After a Conference for Post of City Commissioner.

Following a conference among a number of labor leaders in Oakland it became known informally today that Richard Lloyd of the Building Trades Council will in all probability be the labor candidate for city commissioner at the coming municipal election. Several conferences have been held in the past week with a view to centering on one man. There were several labor candidates, but it was generally agreed among the union men that it would be difficult, if not impossible, to elect both commissioners as labor representatives. It was thought that to put up two men would cause a division of forces and would consequently weaken the labor fight. W. A. Spooner of the Central Labor Council was one of the strongest of the candidates with the exception of Lloyd. It was agreed that if the conference held last night could settle upon one man all other candidates would withdraw and give him their support. It is understood that Lloyd will be the man.

ARMY OF ROBBERS IN PROVINCE OF CANLON

CANTON, Jan. 4.—More than 5000 robbers are said to be at work in the Fa Un district of Canton province. Fa Un, the principal city of the district, is surrounded by a band of over a thousand, who demand payment of between fifteen and twenty thousand dollars, Mexican. A chapel of the Berlin Missionary Society in Luk Haang, about ten miles away from Fa Un city, has received a threatening letter demanding \$5000, Mexican. A large valley on the other side of the city has been assessed by the robbers \$45,000, Mexican, about \$1 per capita. Last month a Christian preacher was captured and not released till his family had succeeded in raising the sum of \$200—a large sum for a poor Chinese family. In another section of the troubled district the soldiers levy a tribute of a certain number of cattle of rice per Chinese mou, or acre, and the robbers likewise levy tribute. It is reported that the district magistrate has committed suicide through mortification at his inability to cope with the situation. A chapel of the New Zealand Presbyterian Mission in Long Chong Hin, not far from the line of the Canton-Hankow railway, was literally cleaned out by the robbers. This was the second time within six months. The usual kidnapping of girls is going on also.

BRITISH VICE-ADMIRAL OF ARCTIC FAME, DEAD

LONDON, Jan. 15.—The death was announced in London today of Vice-Admiral Sir George S. Nares, R. N., retired. He was born in 1831. Vice-Admiral Nares had a brilliant career in the British navy. He gained fame for his Arctic expedition in 1875. The members of the expedition planted the British flag beyond latitude 83 north. He also made deep sea explorations around the world. He was injured in a playful tussle with Archie Miallard, Andrew Costa, of 315 Myrtle street, fell to the sidewalk and incurred a possible fracture of the left wrist. He was treated at the Emergency hospital by Dr. W. H. Irwin and Dr. G. C. Reineke. He was injured in an automobile accident yesterday, has today practically recovered. He met with an accident while driving a car he had recently purchased, and was not in a fit state to be driven to the hospital when the accident occurred.

TRAINS NOT TO OPPOSE HOTELS

Railroads Abolish Parking of Special Cars During Exposition Period.

There'll be no "hotels on wheels" in Oakland, San Francisco or San Diego during the expositions or the Oakland conventions. This is the edict of the railroads, which announced today that the custom of parking special trains of special parties, the travelers sleeping and dining in their private cars, will be discontinued for a year, save in cases where a sleeping car lies over for 24 hours. This action is the first step in a co-operative agreement between the hotel owners, among them representatives of the Oakland-Berkeley Hotel and Apartment association, and the railroads. Under the old system many railroad owners and other wealthy easterners, used to come West in their private trains, living in their palatial "hotels on wheels." These will not be allowed, the travelers thus to be forced to patronize the California hotels. Los Angeles will also be included in the order of the railroad. Co-operating with the Oakland Hotel bureau and the other hotel organizations were the boards of health of the different cities to be affected, who urged the reform on the grounds of sanitation. Several millionaires' parties had planned to park trains at the Oakland mole before the new agreement had been concluded. His train had been asked that his train be backed into a downtown locality, regardless of expense.

LAST HONORS PAID TO LATE CAPTAIN SIMPSON

SAN FRANCISCO, Jan. 15.—In deference to the memory of Captain Asa M. Simpson, pioneer lumberman of the Pacific Coast, the lumber mills and business houses of North Bend and Marshfield, Ore., were closed today. The funeral was held this morning from the family residence, 2200 Pacific avenue, where his former colleagues paid their farewell tributes. Among the pallbearers were many of his close friends and business associates. They were Frank P. Doe, George H. Collins, George Pace, Captain Robert Lowson, John P. Spaul, A. K. Baxter, Joseph E. Terry and J. H. Baxter. The interment was private.

BEARDLEE ON BOARD.

SAN FRANCISCO, Jan. 15.—Dr. Arthur Beardlee was appointed by the sixteen judges of the Superior Court yesterday to fill the vacancy on the lunacy commission caused by the death of Dr. Charles C. Wadsworth. The appointment was made by Judges Stratton, of Dr. Fred O. Zumwalt, H. C. McClellan, Edna Reid, D. F. Ragan and J. K. Pinner, was revoked, and Dr. Theodore G. Rethers, D. D. Lustig and Charles D. McGottigan will remain on the board.

MONGOLIAN RAILWAY RIGHT GOES TO CZAR

PEKING, Jan. 15.—The Russian legation has affirmed the truth of the reported Russian agreement with Mongolia as to the construction of railways in that country, hitherto untraversed by steel. The terms of the agreement are interesting to those who foresee, among other constructions, that of a line across the Gobi desert connecting Kalgan, where the Chinese railway reaches the Great Wall of China, with the Trans-Siberian route somewhere west of Lake Baikal. Such a junction would put Europe even two days nearer to Peking, which can now be reached from Paris—in normal times—in less than 13 days. Among Chinese officials, who had not ceased to hope that the nominal suzerainty which China continues to hold over Mongolia would prevent the negotiation of such an agreement without ratification by the Chinese government, the knowledge that such an agreement has been concluded causes considerable annoyance. The leading Chinese paper in Peking says that "if the agreement is a fact it will, of course, be submitted to the Tripartite Conference," meaning that of Mongolia, Russia and China. The Russian legation says the agreement is a fact. As the poverty of the nation of tent-dwelling Mongolians precludes the possibility of their building their own railways, it is said the agreement practically binds the Mongolian government to Russia in railway matters.

MRS. OLDFIELD LOOPS LOOP IN AIR TWICE

LOS ANGELES, Jan. 15.—Mrs. Barney Oldfield looped the loop twice with Aviator De Lloyd Thompson 1500 feet above the Griffith Park field yesterday afternoon and set a new American record, both for feminine nerve and aerial accomplishment. Thompson ran into a resisting mass of air with a bump while making the upward curve of the corkcaking loop. Mrs. Oldfield half slipped from her leather harness and left her seat. With one hand Thompson held her in position while with the other he steered the biplane on to an even keel. "It was grand," Mrs. Oldfield exclaimed to her husband upon alighting. "Automobiles seem so stupid now."

JOINT INSTALLATION IS HELD BY PARLORS

A joint installation was held in Golden Gate hall on January 15 by the Claremont parlor, No. 24, G. W. D. G. W. District Deputy Charles Brennan of Berkeley. President, William O'Connor; president, William Boehm; first vice-president, William Boehm; second vice-president, Peter Carroll; third vice-president, Eugene Cunningham; recording secretary, Emmet Thieringer; financial secretary, Marshall Ross; treasurer, Dr. Diddle; marshal, Felix Robertson; trustee, John Kavanaugh; Bert Stone, Harris Stone; inside sentinel, Emmet Chico, outside sentinel, Harvey Carson. Suite J Irwin installed the following officers of Argonaut parlor: President, Lena Prescott; first vice-president, Florence Phillips; second vice-president, Maude Pearce; third vice-president, Jennie DeMarini; recording secretary, Addy Spelman; financial secretary, Emmet Chico; treasurer, Maude Behar; marshal, Ross; Fenner; trustees, Eda Bauer, William Barker, Katherine Bartlett; inside sentinel, Genevieve Baxter; outside sentinel, Ajma Vanchero.

TO TELL OF WAR.

Dr. Edward von Adelung, who recently returned from Europe, will give an illustrated lecture this evening in the Franklin school, East Oakland, on "Personal Observation and Experiences in Germany at the Outbreak of the War." Dr. Von Adelung was in Germany last summer and witnessed the mobilization of the troops and their departure on the trains for the front. The address is one of a series now being delivered under the auspices of the Oakland board of education.

ITALIAN STEAMER STRANDED.

WILLEMSTAD, Curacao, Jan. 15.—The Dutch cruiser Heemskerk reports that the Italian steamer Bologna, which sailed December 31 for Genoa, stranded on the north coast of the island of Curacao early yesterday. The cruiser went to the assistance of the steamer, but was unable to pull her off, although the passengers, crew and mail were saved.

CHINESE ANTIQUES IN PEKING NOW ARE SAFER

PEKING, Jan. 15.—Notwithstanding a recent presidential mandate forbidding the export of rare pieces of sculpture gathered by vandals, the traffic continues. The ordinary tourist can buy statues—some of it genuinely old and some manufactured, disguised by the colored varnish—at a number of the cune shops that abound in Peking. Further than issuing the mandate, which was done largely in response to the appeal of various American societies and a covering note from Secretary of State Bryan, no effort is being made by the government to preserve and protect these monumental treasures which remain in China. No guard is anywhere placed on them. But the war is having some effect. Collectors of treasures, who used to come to Peking in great numbers from the various European states and America, and from Japan, are now remarkably scarce.

BLAZE ON STEAMER.

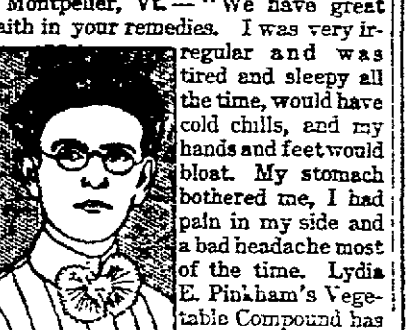

SAN FRANCISCO, Jan. 15.—The steamer Acapulco, lying at Vallejo street wharf, was threatened by fire at 3 o'clock this morning, when a canvas wrapped about the smokestack in the cook's galley caught ablaze. William Gately, a watchman for the Crowley Launch Company on the pier, turned in an alarm, and the flames were extinguished before they had gained any great headway. The damage was exceedingly slight.

MAY BUILD SUBMARINES.

WASHINGTON, Jan. 15.—Construction of some of the seventeen new submarines proposed in the forthcoming naval appropriation bill, in government navy yards, is being considered by the Navy Department. After a conference today with Chairman Padgett of the House committee, Secretary Daniels advised the committee that it would cost \$29,000 to provide submarines building slips at the Puget Sound yard.

WOMAN IN BAD CONDITION

Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Montpelier, Vt.—"We have great faith in your remedies. I was very irregular and was tired and sleepy all the time, would have cold chills, and my hands and feet would blot. My stomach bothered me, I had pain in my side and a bad headache most of the time. Lydia E. Pinkham's Vegetable Compound has done me lots of good and I now feel fine. I am regular, my stomach is better and my pains have all left me. You can use my name if you like. I am proud of what your remedies have done for me."—Mrs. MARY GAUTHIER, 21 Ridge St., Montpelier, Vt.

An Honest Dependable Medicine

It must be admitted by every fair-minded, intelligent person, that a medicine could not live and grow in popularity for nearly forty years, and to-day hold a record for thousands upon thousands of actual cures, as has Lydia E. Pinkham's Vegetable Compound, without possessing great virtue and actual worth. Such medicines must be looked upon and termed both standard and dependable by every thinking person.

If you have the slightest doubts that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

OPPOSE PUBLIC OWNERSHIP.

NEW YORK, Jan. 15.—The New York Chamber of Commerce at a meeting today went unanimously on record as opposed to the Alexander bill for government ownership and operation of vessels.

BRITISH FINANCIAL AGENTS.

LONDON, Jan. 15.—The Daily Express says it understands that Morgan, Grenfell & Co. of London are about to be appointed financial agents to the British government. Grenfell is a director of the Bank of England.

The Long Lighting Hours Are Here

Those Evenings Seven Hours Long

On December 22, the Shortest Day in The Year, night begins at 4.30 P. M.

OAKLAND

PRESS DISCUSSES BRITISH REPLY

London Times Thinks England
Can Be Satisfied With Im-
pression Made.

By Associated Press.

LONDON, Jan. 15.—The Times in an editorial today thinks the Government has no reason on the whole to be dissatisfied with the impression made in the United States by the answer made by Sir Edward Grey, the British Foreign Minister, to the note from the United States regarding British interference with American shipping.

"But looking at the influences at work," it adds, "and the fact that the questions of foreign policy, the whole American public may generally be counted upon to support the President, without distinction of party, the situation still demands prompt and straightforward treatment and that the discussions between the two governments be confined to essentials."

"Among these problems the question of manifests on the American side is clearly a matter capable of improvement and similarly the perfecting of arrangements with neutral countries to prevent the re-exportation of contraband is a problem within Great Britain's province. In these essential matters are satisfactorily adjusted, not much would be left of any difficulty over contraband between the two countries."

DACIA MUST BE STOPPED.

The Times also discusses the transfer of the German steamship Dacia to American ownership, and declares there can be but one solution, namely, if she sails she must be stopped and the novel point of international law which she threatens to raise must be brought to definite decision.

The Daily Graphic similarly declares that the only course open to the British Government was to arrest the Dacia and test the validity of her transfer in the Admiralty courts.

The Daily News editorial takes a different view and contends that Article 56 of the Declaration of London is so vague that it is impossible to predict how a British prize court might interpret it.

It proceeds to argue the question raised by the Dacia as rather one of expediency for the United States Government. It says that it is impossible that such ships purchased by the Americans should ever become converted into German cruisers. If they were, besides precipitating a new quarrel between Germany and America, they would be shut up in German, instead of American, harbors.

The question of the purchase price reaching Germany is not of great account, according to the Daily News. In fact, it says, it might be urged that all ways of raising credit in America, one of the most convenient to the British would be the selling of German ships. The whole world, it declares, is suffering from a famine of tonnage and anything which brings more ships into activity is a relief from the terrible exploitation of the shipping rings and a State-owned American line, charging reasonable freight rates, might be a very considerable relief.

A PIMPLY FACE LOSES FRIENDS

Why Stand This Humiliation
When Stuart's Calcium Wafers
in a Week Make Your
Face Clean and Radiant.

No need for anyone to go about any longer with a face covered with pimples, blotches, eruptions, blackheads and liver spots. These are all due to impurities in the blood. Cleanse the blood thoroughly and the blemishes will disappear.

"Everyone Looks at a Face Bearing a Lovely Complexion—it is Nature's Greatest Gift to Woman."

That's what Stuart's Calcium Wafers are intended to accomplish and do accomplish. Their principle ingredients are Calcium Sulphate, the quickest and most thorough blood cleanser known.

These wonderful little wafers get right into the blood, and destroy eruptions and stances present in it. In some cases a few days is sufficient to make a marked improvement. And when the blood is pure the whole system is a hundred per cent better.

Don't fret any longer about those blackheads, pimples, blotches, liver spots, spots and eruptions; they all go and "go quick" if you use Stuart's Calcium Wafers.

Go to any drugstore anywhere and buy a box. Price 30 cents. A small sample package mailed free by addressing F. A. Stuart Co., 115 Stuart Bldg., Marshall, Mich.—Adv.

MORE PERIL, BUT FEWER WOUNDED

In Trench Warfare Worst Bur-
den Falls on Ambulance
Corps.

By Associated Press.

PARIS, Jan. 15.—Since hostilities settled down to a siege along the rivers and canals of the north, the average number of casualties per day seems to have lessened. But the work of the ambulance department is all the more hazardous. Men who fell in pitched battles were often lost in concealed places, but what is worse now is that they often lie in plain sight obliged to wait for hours, sometimes for days before it is possible for the ambulances to pick them up.

When a man is wounded in the trenches he is able to get back to the field hospital, if he can walk; if not he must wait until night, because the trenches are so narrow that the stretcher bearers cannot carry a wounded man through them, he must be lifted out and carried back above ground.

When a charge is made between the lines of trenches and proves to be unsuccessful, the wounded, of course, must be left; in too many cases they are actually sacrificed and their comrades obliged to see them lying helpless between two fires. Sometimes they see them raise a hand and occasionally they hear their despairing cries, but to attempt to save them is out of the question.

Cases have been reported in which men charging against barbed-wire defenses and wounded in the attempt have been left for days hanging in the tangled wires.

INFERNO SCENES.

The chaplain of a French regiment, describing the work of the ambulance corps after a great battle, says: "We had a long evening tour to make as we were obliged to visit the advance posts of Fozzelle, Remenville and Gerbilliers. Without lanterns, in order not to betray our position, we advanced silently over roads gashed by shells and deeply rutted by heavy artillery. From the hill tops we saw a ruddy glow from burning villages."

"There and there were flashes of light, followed by the explosion of shells and through the sky veritable furores of fire. It was all that revealed the sinister presence of hostile armies. The silence was impressive at times; but only by the cawing of crows and the reports of artillery."

"We found Rosellere, deserted, ruined; only a few houses still standing and they were burning. Remenville was unrecognizable. We found thirty wounded but we could take only ten of the worst."

"The road to Berbilliers, bordered by tall poplars, runs along the Prussian lines. In daylight we should have been wiped out."

"It was nearly midnight when we reached the entrance to the village—the theater of deadly conflicts for ten days."

"The little hospital there seemed a veritable hell. Wounded men stood in the midst of the collapsed town, saved, thanks to the presence of wounded Germans. Built to accommodate 30, it sheltered 130 and reeked with the odor of blood, pus and drugs. We could take only 30 of the most serious cases. The task of sorting them out was heartrending; they were all in such sore need. As we started out the shells began to fall again thick and fast all around us and between the roaring crashes we heard the groans and supplications of the wounded in the ambulances behind, one crying constantly for 'mother.'"

WARNS AGAINST AMERICA EXPLOITING PHILIPPINES

By Associated Press.

WASHINGTON, Jan. 15.—Vice-Governor Henderson B. Martin of the Philippines sounded a warning against possible American exploitation of those islands at a dinner given in his honor last night by resident Commissioners Curran and Earnshaw. Other guests included a score or more of Senators and Representatives. Assistant Secretary Breckinridge of the War Department, General McIntyre, chief of the bureau of insular affairs, and others.

"I have noticed lately," said Martin, "after eulogizing the Philippines toward them, a tendency in this country to quibble and split hairs on the little things in connection with this Philippine question. It is a great problem and the greater because the whole world is watching our policy there."

"Let me offer a warning not to yield to temptation to which other great governments of the world have yielded in the past—temptation to exploit. Be strong, not weak, and do not succumb to the temptation to exploit the Philippines."

NO VIOLENCE FEARED IN EAST OHIO COAL FIELDS

WHEELING, W. Va., Jan. 15.—Both sides to the controversy in the Eastern Ohio coal field, where the strike has been in progress since last April, agree that there is little fear of violence, at least in the immediate future.

"I can see no cause for alarm so far as violence is concerned, for the simple reason that everything is peaceful now, and nothing has been done or said that would change conditions," said W. R. Woodford, of Cleveland, president of the Pittsburgh Vein Operators' Association of Ohio.

"There will be no trouble around the mines until the operators attempt to bring in non-union miners, which I do not think they intend to do," said one of the miners' leaders. Meantime we have high hopes that the federal conciliators will work out a plan that will be satisfactory to both sides."

AUTHORITIES DESTROY PANAMA WIRELESS

PANAMA, Jan. 15.—The canal zone police yesterday discovered a wireless telegraph plant on the top of a tall building in the heart of Panama. The plant was destroyed by the authorities who declared it belonged to a Danish West Indian negro whom they believed was a student of wireless telegraphy.

Complaint was made recently by the British Minister, Sir Claude Malet, of the existence of a wireless station in Panama and he gave the police its approximate location. After a search of several days it was located today.

For some time it has been suspected that there was another hidden wireless plant in the Barlen region, but British and Japanese landing parties have failed to find it.

WILSON AROUSES REPUBLICANS.

By Associated Press.

WASHINGTON, Jan. 15.—President Wilson's Indianapolis speech drew fire from the Republican ranks in the House today. The capitalist today Representative Humphrey of Washington launched an attack on the Democratic policies generally. The tariff law, he contended, had thrown four million persons out of work. Business depression, he declared, was no "state of mind."

FAIR POSTOFFICE WILL BE MODEL

Authorities to Install Working
Exhibit for Convenience
of Visitors.

SAN FRANCISCO, Jan. 15.—For the convenience of visitors and exhibitors at the Panama-Pacific International Exposition, a model postoffice will be installed, according to the arrangement of the social authorities.

This office will give of convenience to those who do not know what their addresses will be while in San Francisco. They may have their mail addressed in care of the Model Postoffice, Panama-Pacific International Exposition, where they may call for it or from which it will be delivered.

A banquet was tendered the Chinese officials and members of the Chinese commission to the fair by President Charles J. Moore and the directors of the exposition at the Palace Hotel Wednesday afternoon. Consul General Chu was a guest of honor and spoke at the banquet. In part he said:

"This will be China's first opportunity to show her real attainments to the world. The goods which are now displayed in San Francisco are from only one province, but the display in our exhibit will be of articles from every province in the empire."

The United States fuel ship Caesar has arrived in port with the United States exhibit as a cargo and docked at the Port Mason docks. The cargo is being lightered to the exposition yacht harbor. The exhibit of the government is complete and represents every department of the federal offices.

The Caesar is the first vessel to make the trip from Washington to San Francisco via the Panama canal.

The directors of the Panama-Pacific International Exposition and nearly one

FRENCH RESIDENTS TO BUY MOTOR AMBULANCE

At an entertainment to be given under the patronage of the French colony of Alameda county, January 22, at Hotel Oakland, it is expected that a large sum will be raised to be applied to the fund for the purchase of an automobile operating room to be forwarded from this country by the French people of America for the relief of wounded French soldiers. One of the features of the program will be the auction of a motor car. The grand opera singer, who has been in the opera "L'oiseau," she will sing "L'oiseau," the latest patriotic song. The national anthem will be sung.

COURT REFORM MEASURE ACCEPTED BY SENATE

By Associated Press.
WASHINGTON, Jan. 15.—Reforms in court procedure proposed in the House bill to restrict the number of cases in the Supreme court of the United States were accepted yesterday by the Senate and the bill was passed.

Appeals from the Porto Rican federal court will hereafter go to the federal court of appeals at Boston; appeals from Porto Rican and Hawaiian courts will be referred to cases involving questions of final jurisdiction over all trade matters and bankruptcy cases will hereafter rest in the circuit court of appeals. No communication occurred under federal charter may hereafter appeal to the supreme court on that ground alone. This affects most of the transcontinental railroads.

hundred business men left for San Diego Thursday evening to visit the Panama-California Exposition and to extend greetings and good cheer to the San Diego fair.

Under the supervision of Carl Purdy of Ukiah, an expert in botany, the exhibits of three states under his care are nearing a state of completion. In these exhibits little attempt is being made at elaborate landscape effects owing to the nature of the exhibits which are individual and of a varied nature. By a clever arrangement of clumps of palms and flowering shrubs, charming effects of form and color, are being worked out.

MUSIC AND POMP FILL SAN DIEGO

Military Pageantry Is Feature
of Panama-California
Exposition.

SAN DIEGO, Jan. 15.—Music gave a prominent part in the life at the Panama-Pacific exposition, which opened here New Year's eve. One of the structures of the grounds is an outdoor organ, the largest in the world, which was erected at the cost of \$100,000. In addition to the organ, which is played daily, there are four bands at the United States Marine band on the grounds is that of the Fourth Regiment, and there are also the First Cavalry and the Thirtieth Artillery bands. Of course, there is the Exposition's Spanish band. These bands, which are stationed in San Diego, are supplemented by other organizations, among which is the West Coast State band, which is from Escondido, Mexico. During the first week of the exposition all of these bands played on the grounds at different times. On one afternoon four were playing at the same time in different parts of the grounds, which cover an area of 614 acres.

With this city one of the most important military and naval centers on the Pacific Coast, it is only natural that soldiers, sailors and marines should be much in evidence at the Exposition. On the grounds are camped four companies and the band of the Marines, with Colonel J. H. Vandenberg, commander on the Pacific Coast, in charge of the barracks. At another point in the park is a detachment of United States cavalry.

MEN OF WAR ALSO.

In the harbor, of course, are numerous warships. The cruiser San Diego, flagship of the Pacific fleet under command of Rear Admiral Thomas Benton Howard, was present at the opening of the Exposition, as were a host of other war vessels, including cruisers, destroyers and submarines. Sailors and marines from the fighting ships are always to be seen about the Exposition grounds.

Preparations for the Pacific fleet of the United States to visit the Exposition, with the Atlantic fleet when the chief executive and the great international armada come through the Panama Canal in March, are going rapidly forward. The west coast fleet, made up of the flagship San Diego, under Rear Admiral Thomas B. Howard, the cruisers Colorado and South Dakota, nine torpedo boat destroyers and four submarines, will mobilize at this port to greet the war vessels from the Atlantic seaboard.

The armada will steam up the west coast to this port, where the first stop will be made. Including auxiliaries there will be more than sixty different ships anchored in the bay here next March when the ships from the Atlantic arrive. This will be the greatest fleet of war vessels ever assembled in the Pacific Ocean.

U. S. OFFICERS SEIZE
CHINATOWN OPIUM

SEATTLE, Wash., Jan. 15.—Several thousand dollars' worth of opium together with one of the most complete opium layouts confiscated here yesterday when they raided an establishment conducted by Mar Doo in the Chinese quarter. A wagon load of contraband, consisting of twelve boxes, a dozen pipes, opium lamps, pots, bowls and other articles used in preparing opium for smoking, was captured. Mar Doo was arrested. Customs officials say that a pronounced decrease in the price of opium in the local market is indicative of enlarged activity on the part of smugglers.

ROTARY CLUB WILL AID
IN RELIEF OF DISTRESS

The Rotary Club of Oakland has started a new work—that of charity. Plans to relieve distress in the city, through weekly subscriptions of the club members, have been outlined, and a committee, headed by E. A. McWilliams, will assume charge of the work.

The plan was outlined at the weekly luncheon of the organization, held at the Hotel Oakland, yesterday, when Lawrence Moore presided and W. O. Lawrence, Robert Robertson, Earl Sharpe, E. B. Davis and Dr. W. J. McCracken spoke on the matter.

MOOSE TO VISIT TRUCKEE.

Great interest is being taken in the three-day excursion to Truckee which will be given by Oakland Lodge of Moose, No. 324, over Washington's birthday, February 22. There will be a special train. The San Francisco Moose will accompany the Oakland lodge and one of the coaches has been reserved for them. The excursion men will leave Oakland on Saturday evening, February 20, and return Tuesday morning, February 23. Their special train will be at their disposal during their stay at Truckee.

Among the sports which will be included in the tobogganing, skiing, ice skating and sleigh riding, one of the features being a sleigh ride to historic Donner lake, a six-mile round trip through the pines. All lodgesmen are expected to bring along their own sleds and skis, and the trip will be given lessons by experts. Another feature will be the ice palace, which at night will be ablaze with multi-colored lights.

The lodgesmen are also planning a musical show. Performers will be Dick Gissman, H. E. Elder, Caesar Alexander, W. J. Storm Jr., W. J. Bacous, "Fat" L'Heureux, Myron Lawrence, A. B. Parker and others. The committee in charge of the excursion consists of A. B. Moffitt, J. N. Ernst, E. Barbeau and W. J. Hamilton.

Greatest of All
Human Blessings

The most wonderful thing in the world, is love expressed in the helpless infant. And among those who are most deserving of love and comfort for expectant mothers is the well known "Mother's Friend." It is a natural application to enable the abdominal muscles to become more pliant, to expand naturally without undue pain from the strain upon cords and ligaments. Applied as directed upon those muscles involved it soothes the fine network of nerves with which all the muscles are supplied. Thus a great share of the pain so much dreaded may be avoided and the period of expectancy passed in comfort. There is no question but what such relief has a marked influence upon the general health of the mother.

In a little book sent by mail much useful information is given to inexperienced mothers. It tells how to use "Mother's Friend" and how to avoid caking breasts. It has been prepared in our laboratory for over forty years and is known favorably to most drug stores everywhere. Get 2 bottles to-day and write for book to Bradfield Regulator Co., 209 Lamar Bldg., Atlanta, Ga. Be sure to ask for and see that you get "Mother's Friend."

U. C. FACTION NAMED AT CHILDREN'S HOSPITAL

SAN FRANCISCO, Jan. 15.—With two determined factions contending for control on which was staked the future policy of the institution, the members of the Children's Hospital Association spent yesterday afternoon in the most strenuous annual meeting of its history. By a vote of 67 to 65 the administration ticket, which is understood to be committed to giving the Children's Hospital to the University of California, was defeated. The minority represented the faction led by the women doctors, which would maintain the hospital under the present management. Ninety votes in all were cast for the straight ticket, but twenty-three of these were challenged by Gail Laughlin, woman attorney, who had been employed to lead the fight against the administration forces. Besides these twenty-three, twenty-six life members were present, the rest of the votes being held by proxies.

NEWSBOY SAVES LIVES OF THREE FAMILIES

SAN FRANCISCO, Jan. 15.—Frank Hendricks, a newsboy, saved the lives of three families early this morning when he discovered a fire in a three-story building at 481-8 Eddy street. Hendricks saw smoke issuing from the sidewalk doors and elevator traps and ran into the building. After making a tour of the place, during which he rang the doorbells and warned the inmates to leave, he turned in an alarm. A few minutes later a second alarm was turned in by persons who observed the smoke from a distance. The arrival of the fire department in a neighborhood comprised of apartment houses caused a general exodus of scantily attired persons, who refused to return to their rooms until convinced that there was no further danger.

Poor, Stricken Italy.

As a member of the Triple Alliance and in that capacity expected to take an active part in the war in Europe, Italy, through the exercise of good diplomacy kept out of the conflict with the result that thousands of lives that would otherwise have been sacrificed in battle were spared. A few days ago it looked as if the nation would be forced to enter the war as a result of the action of Turkey, but happily that was averted.

But the great forces of nature have brought to the nation a calamity that is sure to attract the attention of the world. As a result of one of the greatest earthquakes in history, cities have been devastated, thousands slain, many more thousands wounded and the citizenship of the country thrown into consternation.

If figures received over the wires are correct; the seismographic disturbance of Wednesday takes rank with the greatest in the history of the world. From the twelfth century to date there have been twenty-seven great calamities of this character, not including our own Charleston and San Francisco, which were minor incidents in comparison and not entitled by their proportions to be included. Of these twenty-seven, but eight have exceeded in loss of life the disturbance that appears to have shaken all central Italy from the seat of the Eternal City to the other side of the great peninsula. Sicily in 1186 had 60,000 slain; Naples in 1626 lost 70,000; Sicily in 1683 totaled 100,000; Messina in 1908 lost 67,000. Italy's second disaster of this kind occurred in 1288 when 60,000 more lost their lives; Pekin lost 100,000 in 1731 and the great quake of Lisbon in November, 1755, had a death list of 50,000, a total equal to that of Lima and Callao in 1736.

In these days of telegraphic service the details of appalling calamities of this sort are given the world much more quickly than in olden times when months elapsed ere the outside countries were informed as to incidents and details. As a result it is not at all unlikely that ere these lines are read, organized movements for the relief of the distressed will be well under way, and such will be eminently proper in their character. For there is no community and no country on earth, outside of our own, that can endure such an experience without assistance from the outside. Such assistance should be promptly rendered in order to be most effective.

There is no need for discussion of the conditions obtaining in the stricken sections. Events of this sort are so uncanny and so terrible in aspect as to paralyze energy and render incompetent the survivors. When one halts to consider that in one city alone the estimated dead are 15,000 in number he begins to feel the importance of the situation.

In common with all the people of this country, THE TRIBUNE predicts a ready response on the part of California and Oakland especially and urges upon its scores of thousands of readers to be prepared to do their utmost in aiding the men, women and children in this distant land in the hour of their extreme distress.

According to a consular report from Bombay pearls are now selling at half their normal prices. Moral: Do your shopping early.

War news and stories of Billy Sunday's sermons in the Philadelphia papers are so similar in character that one must needs look at the pictures to determine which is which. This statement is made more emphatic when one considers Sherman's definition of war and Sunday's synonym for Hades.

Commenting on suggestions for dividing California, the Redding Searchlight says there is a sentiment growing in the north for the establishment of the State of Siskiyou, to be made up of a part of California and Oregon. If this keeps up we shall inaugurate a movement for the establishment of a new commonwealth called the State of Happiness with Oakland as its capital.

Naval Promotions Proposed.

The House committee on naval appropriations proposes to create the grades of admiral of the fleet and vice-admiral, to be held temporarily by the commander and second in command of the Atlantic, Pacific and Asiatic fleets.

This is a concession on the part of the house committee, the navy department proper having asked that these grades be held permanently by the men appointed to perform the duties indicated.

This country has always been chary of bestowing exalted rank on men in military service. Washington, Grant, Sheridan and Sherman have been the only four to enjoy the distinction of full generals, while Farragut, Porter and Dewey have been the only sailors to be made admirals. In matters affecting diplomatic affairs and where the officers of several nations meet, those of the United States have been in the past handicapped by being outranked and even should Dewey be placed in command of the fleet visiting the Panama-Pacific Exposition he would be in second place provided that any other nation sent its admiral of the fleet or its grand admiral here in charge of visiting vessels. Our fleet commanders are rear-admirals while those of other countries are vice-admirals or admirals. That which applies to the navy also applies with equal force to the army. The chief of staff in the United States is a brigadier-general, while the highest officer in rank is only a major-general. Other nations have lieutenant-generals, generals and as the highest rank field marshals.

It looks as if this country is penurious in its bestowal of rank and it is to be hoped that congress will do something looking toward remedying conditions, because in contact with the officers of other countries, our own ought not suffer by comparison.

Washington's new executive recommends to the legislature that it set a new record for brevity, especially in the number of laws passed. The sentiment favoring the repression of legislature and the cessation of the practice of burdening the statute books with useless enactments appears to be growing everywhere and our own senate and assembly can read the papers published outside the State to good advantage.

Action looking to the establishment of a lighthouse on Duxbury Reef, the scene of so many disasters to coastwise ships, is being taken in the legislature at the instance of the assemblyman from Marin county. Such a measure should pass, not alone because it will be the means of conserving thousands of dollars worth of property, but for the added reason that it will guarantee the preservation of human lives.

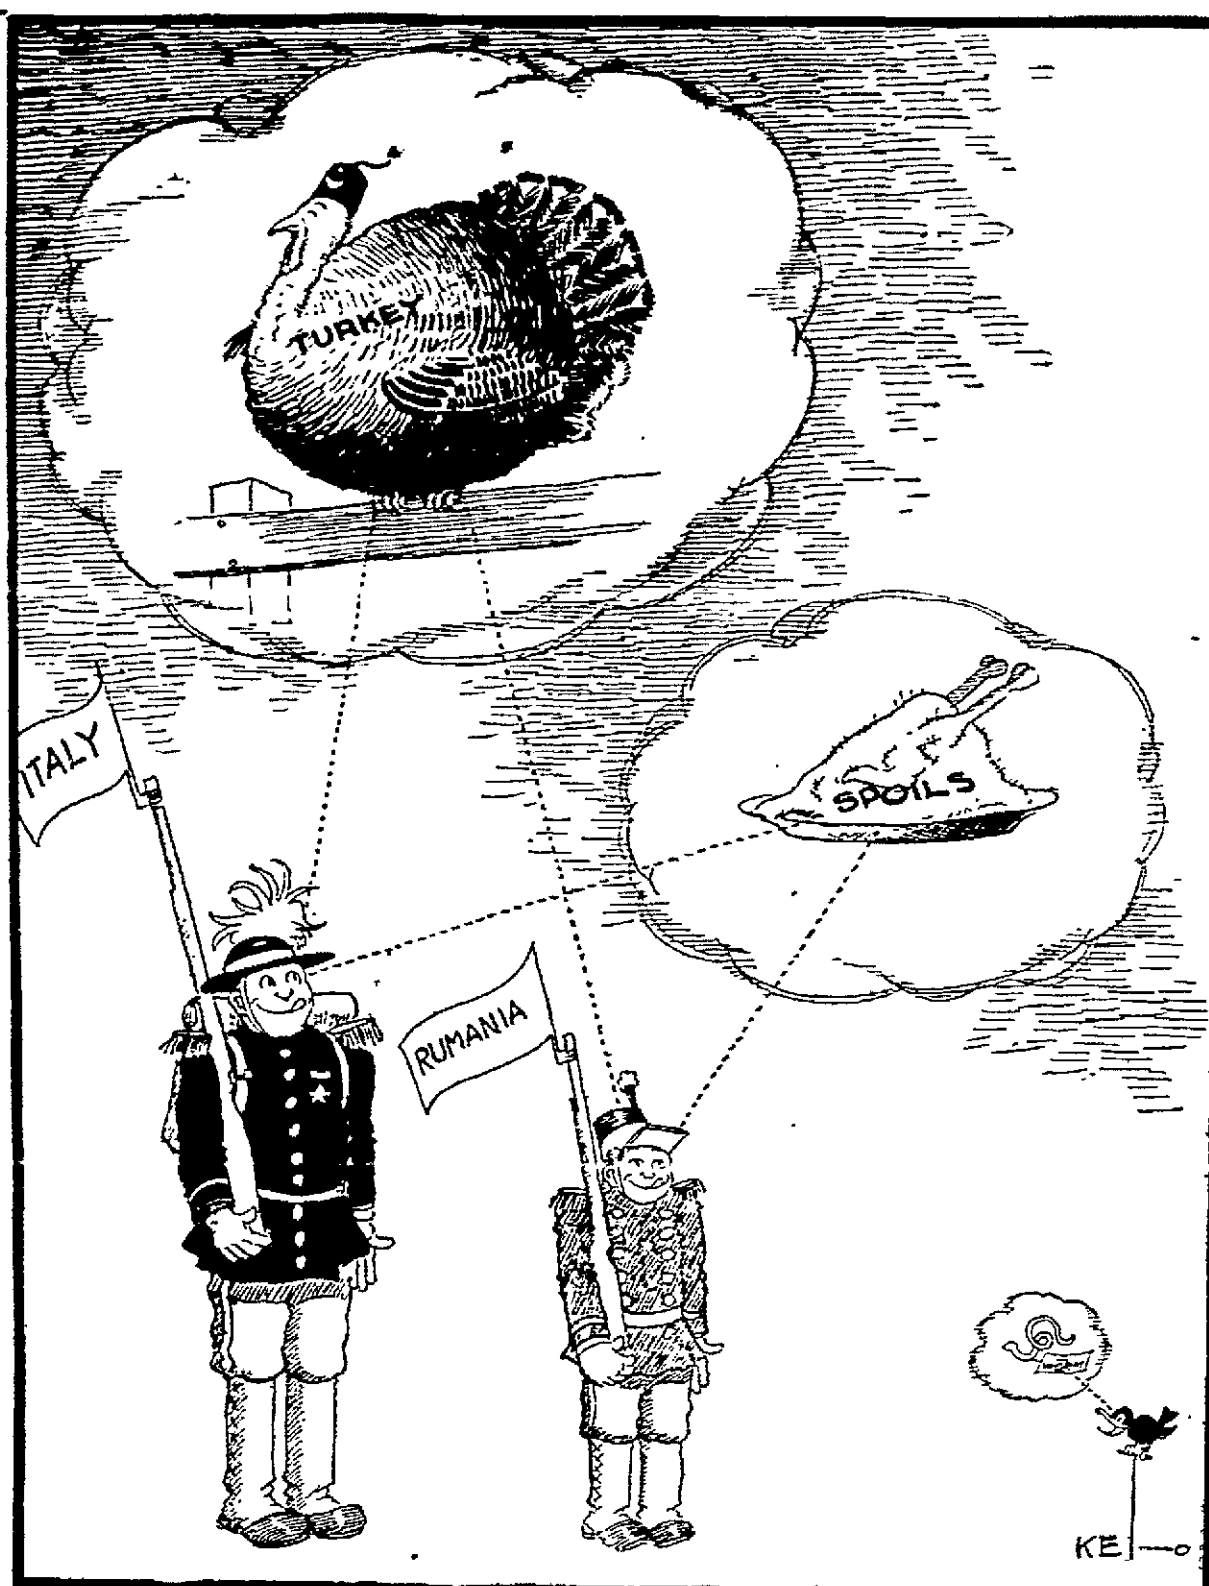

Silver Again.

A report comes from Nevada that Mr. Bryan is arranging to secure the free and unlimited coinage of silver at a rate of 20 to 1 with gold, establishing the double standard and undoing the gold standard legislation of 1897.

When silver began to drop in price six months ago Congress appropriated money to buy more silver than the current needs of the mint demanded, in order to advance the price of that metal. Now it is said that the resulting rise in prices is taken as justification of fixing the proposed ratio and embarking in free and unlimited coinage. The original act for the reserve banking system contains a clause that was believed to repeal the gold standard law. After some reluctance this was stricken out of the bill.

It has been shown, however, that the operation of the reserve banks forces gold coin out of circulation and will soon deprive the people of familiarity with that metal as current coin in daily use. This, of course, is water on the double standard wheel, and if the Nevada report be true, it seems likely that Mr. Bryan will furnish in issue for the campaign of 1916 which may put all other issues in eclipse.

HUNGER!

—BY THE OAKLAND TRIBUNE CARTOONIST.

Twenty Years Ago Today

The First National Bank has just elected its officers for the ensuing year. The board of directors consists of the following gentlemen: G. W. McNear, A. J. Snyder, E. W. Runyon, W. H. Chickering, W. P. Jones, Wallace Emerson, L. C. Morhouse, P. E. Bowles, Norman Rideout, L. G. Burpee and J. C. Martin. The following gentlemen were elected to the offices of the bank for the ensuing year: G. W. McNear, president; P. E. Bowles, vice-president; cashier, L. G. Burpee.

The Tretz-Vandervort election contest was concluded this morning. The original result was not changed, and Vandervort is constable of Oakland township by the narrow margin of three votes.

Sadie Martinot, with Max Fisman as co-star, will appear at the Macdonough for three nights in "The Passport."

The beautiful home of A. A. Moore in East Oakland was the scene of an interesting social event when a tea was given in honor of the well-known attorney's eldest daughter, Miss Ethel Moore. Miss Moore was the recipient of many congratulations upon the successful close of her collegiate career at Vassar. She was assisted in receiving by the following ladies: Mrs. S. P. Hall, Miss Wellman, Mrs. W. H. Moore, Mrs. Hutchinson, Miss Kate Spils, Miss Ray Vrooman, Miss Louise Booth and Miss Lucy Moffatt.

Robert Smith of this city leaves for Herbert Smith of this city leaves for

ODDITIES IN THE NEWS

A Chicago woman has just been fined \$200 for gossiping.

Missouri saloonkeepers are shortening beer glasses by putting more "collar" on the beer. They say the war tax made this necessary.

Disappointed at the refusal of her husband to take her to see a wild west show, the 17-year-old wife of A. R. Stanford of Atlanta, committed suicide by swallowing carbolic acid.

Dried grasshoppers are now used as food in the Philippines. Three thousand tons of grasshoppers were marketed in Manila in a year. Some good and tempting dishes are prepared from them.

Mrs. George E. Bowman of Pasadena, 25 years old, is not only the mother of eleven children, but has two grandchildren as well. The first grandchild came when she was only 32 years old.

Morton Smith of Harrington, Del., dropped into barber shop the other day and got a shave. After the operation he remarked: "This is the first time I have been shaved in seventy-six years; in fact, the first time in my life."

At a wedding in the Italian section of Manchester, N. H., the bride showed expensive taste in the trimming of her gown. The waist was covered with yellow-backed \$20 bank notes, which she planned to the back of her dress as they were given to her by friends.

POINTED PARAGRAPHS

Entertaining a hope is no disinterested act of hospitality.

An enemy is a man who injures you, then refuses to forgive you.

When a man gets love-sick he begins to realize what poor company he is.

When a man's wife hears him call her an angel, the fly season is at hand.

Optimistic and Otherwise

SACRAMENTO'S GREAT OPTIMIST.
Commenting on the fact that the water of the Sacramento river at this season of the year is somewhat muddy, the optimist of the Union indulges in the following comment: "Don't worry over the color of the water in the bathtub. Remember that 'stickness' is said to be good for the complexion. No wonder the Sacramento people have fine complexions."

DISCUSSION OF DOCTRINES.
With respect to the wordy war being indulged in back in the City of Brotherly Love, the Los Angeles Times paragrapher has the following to offer: "Billy Sunday is at one end of the religious see-saw and Dr. Eliot is at the other. In the City of Brotherly Love, these two are engaging in a wordy duel over the interpretation of Christian doctrine. Slang and scholarship are their respective weapons. But the average man is getting to care less about doctrines and dogmas and more about the practical results attained by Christianity. Billy Sunday (out for the stuff) may reach some hearers that Dr. Eliot fails to impress, and Dr. Eliot certainly appeals to many audiences that turn with disgust from Billy Sunday. Probably the progress of Christianity will neither be retarded nor accelerated by the discussion."

TACKS FOR THE AUTOMOBILISTS.
W. L. Leamon, sporting editor of the Riverside Press, who left Riverside last Friday for San Diego, going by auto, wired to his paper, warning motorists to keep off the inland route between Riverside and San Diego. He stated that vandals had scattered tacks over the entire route from Elsinore to San Diego and that hundreds of cars en route to the Saturday races were laid out for hours between Elsinore and Escondido. Big-headed roofing tacks, almost an inch in length, were used. In reporting the matter, the Press states that many auto parties arriving at Riverside from San Diego give confirmation of the report. One driver arriving reported that he had picked up eight tacks within a distance of ten feet at one place in the road.

BABIES AT THE EXPOSITION.
Dr. Anna Strong of the department of social economy at the Panama-Pacific exposition has arrived in San Francisco from Washington, D. C., to take up her work. She will represent the government in the welfare movement with an exhibit occupying 4000 square feet in the palace of education. There are to be three big exhibits in which living children will be used as models. The first will include a children's health conference. The second will be an actual children's playground and playthings and the third will include a bureau of information with guides who will show the visitors the varied exhibits which have to do with child welfare, whether in the palace of education or in the other palaces.

LAND FOR INDIANS.
C. R. Burt, a United States surveyor, is now at San Jacinto with a crew of assistants preparing to survey the Soboba Indian reservation for the interior department. The Register says that the government plan is to divide the reservation land into tracts and then give the applicants to the reservation Indians to live upon and farm. Twenty-five years must elapse before one of the Indian owners will have so perfected title as to permit him to dispose of his land. Soboba has 5000 acres, but there is very little water upon it. The dry land will be subdivided into 10-acre parcels, and the watered land into two and one-half acre parcels. It is understood a share will go to each man, woman and child.

TURNING SMOKE INTO MONEY

Smoke and gas and factory fumes that have pointed out these things, we are using even smoke. Where smoke is conserved there is a marked increase in furnace capacity and a large decrease in coal consumption. The fumes are condensed. Sulphuric acid, worth 2 to 5 cents a pound is produced from smoke, together with oils and other products. One of the great copper smelters of the West built at enormous expense an inclined stack up the side of a mountain to carry away the deadly fumes that were so destructive to growing plants. Now it turns its smoke into arsenic. In the most modern of our steel mills the gas generated from the coal is no longer belched out into the air, but is collected and burned, thus cutting the coal bill in half—Lewis Edwin Thelms in the Outlook.

MUCH IN LITTLE

Emeralds are still found in Egypt. Egypt and Sweden now has women judges.

Copenhagen has 4034 female municipal employees.

New York City's population is estimated to be 5,223,387.

Great undeveloped deposits of iron and coal exist in China.

Most of the type used by Chinese printers is made in Japan.

SNAP SHOTS

In some countries people are afraid to talk too much.

Cloudy days are not so very hard upon the person who has sunshine in his heart.

Selfishness never respects the rights of others unless it has to.

Do not waste time trying to keep track of lost opportunities.

This idea that it is always such a disagreeable thing to move contractors' lists the great truth that variety is the spice of life.

DESCRIPTION OF SUBMARINE

The recent sensational performance of a submarine in the North Sea, when it within a few minutes totally destroyed three great lighting ships, has aroused great interest in this type of craft that is only now establishing its practicability, and of which but little of a descriptive nature has yet appeared. In an article in the war issue of the Scientific American, an expert on the subject gives the following brief, but clear description of this new factor in the supremacy of the seas:

The following description of the construction and operation of the submarine will apply in its principles to most of the various types employed in the present war.

The form of the hull is generally described as cigar-shaped. It is built of the very best quality of mild steel, and the workmanship is of the highest order, for the reason that every seam and rivet must be perfectly tight, in view of the service to which the boat is called upon to perform. Not only are the hulls of this type subjected to all the stresses of sea and weather which other vessels are subjected to, but in addition they are required to navigate at considerable depths below the surface of the water. At these depths the pressure of the water is great, so that the hull must be made sufficiently strong to withstand it.

For submerged work large storage batteries are provided, which furnish energy sufficient to drive the boat from ten to eleven knots for a period of over an hour. The same electrical energy will drive her at a lower speed for a much longer time.

There are two distinct conditions in which the boat may be used. In the first, commonly known as the surface condition, the boat is prepared for cruising. A considerable portion of her hull is above water, a removable navigation bridge is in place, and she is open to large, powerful, oil-burner combustion engines. Under these conditions she is managed in about the same way as any vessel built to run upon the surface. As for sea-going qualities, the submarines of our own service have been found in practice to be excellent. In ordinary weather they are fully as comfortable as any surface craft of the same dimensions, and even in the roughest weather they are entirely seaworthy.

The second distinct condition exists when the boat is submerged. To pass from the surface to the submerged condition, certain valves in the interior of the boat are opened. This allows the water from the sea to run into great tanks built within the boat, and thus virtually sink her. These tanks are closely gauged, so that just the required amount of water is taken in. Under normal conditions, when the boat is at rest with the ballast tanks filled, she will have a few hundred pounds reserve buoyancy, which is saved by the top of her conning tower protruding above the water. If desired, this buoyancy may be entirely destroyed by admitting a small additional amount of water, equal in volume to the volume of that part of the conning tower above the water. While in the submerged condition, all communication with the outside atmosphere is necessarily cut off. The crew then breathes the air contained in the body of the boat. The amount of air originally contained within the hull is sufficient to support life with comfort for at least twenty-four hours. But, in addition to the air thus contained, the boat carries a large supply of compressed air in steel tanks, which, if used for breathing purposes, would be sufficient for a number of days.

After having brought the boat to the submerged condition in the manner above described, powerful electric motors are started by throwing in a switch. These motors derive their energy from storage batteries contained in the boat, and drive the propellers. The same storage batteries furnish current for numerous auxiliary motors used for pumping steering, handling torpedoes, etc.

SOMETHING ABOUT SHRAPNEL

There can be no doubt that it is the artillery rather than the infantry which is playing the most deadly part in the present conflict. The arms which are principally employed in the former branch of the service are the machine guns, which pour a terrifying rain of lead into the opposing forces, and the weapon which hurls the shell known as shrapnel, probably the most destructive arm in light artillery.

The greater portion of the wounded have been inflicted by the bullets flung hither and thither when this missile explodes. Shrapnel receives its name from General H. Shrapnel, who invented the shell during the Peninsular War. This ingenious artificer conceived the idea of filling a hollow shell with small metallic odds and ends and providing it with an explosive charge. When the latter was detonated, naturally the contents scattered in all directions. The shrapnel, however, has undergone considerable improvement in recent years, its deadliness and destructiveness having been accentuated to a remarkable degree. Its design is somewhat varied, for while under certain conditions all requirements are fulfilled by the shell striking the ground and exploding under contact, at

others it is necessary to cause the shell to explode while in mid-air at a predetermined range.

The modern shrapnel shell is a steel cylinder, which is packed with bullets and carries the explosive charge. The shell is capped with either a percussion or time fuse. The former explodes when it comes into contact with a solid object and is used extensively against armor-plated infantry, while the latter, the time fuse, can be set to burst practically at any range and is essentially useful for attacking entrenched infantry. Well-timed shrapnel is capable of inflicting far greater injuries upon entrenched troops than any other missile, and at the same time is the most unerring. A third variety of shrapnel in common use is that employed against approaching cavalry.

The murderous effect of shrapnel is enhanced by the fact that not only are the bullets contained in the shell driven with terrific force in the desired direction, but the steel case itself is broken into small pieces by the bursting charge. While the bullets inflict clean, cut-and-thrust injuries, the jagged shrapnel metal, the pulverized case tearing wounds, at the same time it is capable of wreaking widespread destruction on buildings, because the shell explodes with great fury.

MILK OF DIFFERENT COWS

Among the various associations of breeders of milk cattle there is a lively competition for recognition of the superiority of the type of animal in which each happens to be primarily interested in either a commercial or a scientific way. Many who read the announcements of the different groups of breeders have doubtless asked themselves whether the repeated claims of unlike composition for the milk of the various breeds of cattle concerned are in reality sufficiently distinctive to merit serious recognition from a scientific or practical point of view. It is, of course, widely recognized that types of dairy cattle which give a large amount of milk commonly furnish a product less rich in solids and particularly in the cream components. In this respect the milk from cows of the Jersey and Guernsey types departs noticeably from the Holstein variety; but inasmuch as it is believed, with some justification, that the composition of milk is more or less influenced by the period of lactation and the season of the year—that cows far along in lactation give richer milk than

just after calving—one might well assume that incidental factors of this sort may easily counterbalance the inequalities of composition attributable to the differing types of cattle. During the past few years the laboratory of food and drug inspection of the Massachusetts State Board of Health has made extensive analysis of hundreds of samples of milk from Jersey, Guernsey, Ayrshire, Dutch Belt and Holstein cows, as well as from cross-bred or so-called grade cows. The valuable data thus obtained under controlled conditions make it clear that variations in the composition of milk are due primarily to the breed, and to a less extent to the season of the year and the time since calving. The least variable milk constituents are the lactose and the mineral ingredients, both of which are therefore of value in detecting added water. Incidentally, says The Journal of the American Medical Association, the fact is borne out, contrary to popular opinion, that milk obtained in summer under current conditions is, if anything, somewhat inferior in quality to that obtained in winter.

NO MERRY WIDOWS IN CHINA

There are no merry widows in China. When a Chinese husband dies his widow is despoiled by every member of her family as a woman who has incurred the wrath of the gods.

This and other conditions among Chinese women was described by Miss Hsueh Ling Lin at a meeting of the Women's Trade Union League in Schiller Hall, Miss Lin is a senior medical student at the University of Illinois.

"Widows are not the only sufferers in China," she said. "After a formal introduction it is customary for one to ask 'May I know your honorable age?' in order to determine the correct form of address."

STORIES ABOUT MEN

Professor William W. Campbell of the Lick observatory and a member of the University of California astronomy department has announced the discovery of a ninth satellite of the planet Jupiter in addition to the eighth satellite of the same planet, the ninth moon of Jupiter is one of the very few among millions of stars to revolve about its orbit in a west to east motion.

Glenn H. Curtiss is to build another trans-Atlantic flying boat for Rodman Wanamaker and the over the ocean flight will be started as soon after the new boat is ready as weather conditions will permit. Recently the flying boat America was sold to the British admiralty and shipped to England. Some excellent flights have been reported with the Wanamaker-Curtiss machine abroad.

A twelve-year-old boy who is already a great-aunt, whose father had two great-grandchildren before she was born, whose sister is a grandmother and whose brother is a grandfather has just made her appearance in South Boston at the home of Patrolman Edwin H. Rich. Patrolman Rich will be 75 years old shortly, and his wife is 55.

AMONG THE GREAT ONES

William J. Bryan hunted rabbits in Virginia against the law and did not get any. Yuan Shih-Kai has arranged for the recall of presidents in China—at the will of the president.

Theodore Roosevelt proposes to keep in the limelight by lecturing for the benefit of the unemployed.

William Howard Taft, it is said, has been offered the presidency of the University of Wisconsin and may accept.

Richard Harding Davis, the writer, and his wife, formerly Bessie McCoy, the dancer, have been victimized by the stock, which left them a nine and one-half pound daughter.

Gifford Pinchot, former chief forester of the United States, has sailed for Europe, where he will help his sister, Lady Alan Pinchot, establish a hospital in the war zone.

Dr. Karl Liebknecht, the German Socialism leader who has been opposing the war aim, a member of the Reichstag to vote against the war credit, has been sent to the front as the best means of stopping his opposition.

MARRIAGE FEES NOT FOR JUDGES

Can Kiss Bride, But Can't
Charge for the Cere-
mony.

Martinez, Jan. 15. — Kissing the bride after marriage is apt to be a less popular sport among justices of the peace of Contra Costa county, as a result of an order issued by District Attorney Thomas D. Johnson yesterday. For hereafter, the thing will be the sole remuneration for tying the nuptial knot.

All fees received for marriages must be turned into the hands of the county according to Johnson. Ministers are exempt from this rule, not being public officials. Justices of the peace of the county are up in arms, declaring they are being discriminated against.

Fresno, Jan. 15. — Officers and directors of the Fresno Traffic association were elected here last night as follows at the annual meeting and banquet of the organization:

M. K. Harris, president; Roy W. Hall, vice-president; L. Griffin, treasurer; F. M. Hill, secretary.

Directors—George M. Boles, J. C. Ferguson, L. F. Griffin, H. G. Lott, G. W. Lott, R. W. Lott, K. K. Harris, W. B. Holland, D. L. Newman, James Portegus and G. A. Waterman.

Grass Valley, Jan. 15. — The local Salvation Army barracks was packed last night to witness the hallelujah wedding of Thomas Bennett and Miss Emily Church. Colonel Sharpe of San Francisco performed the ceremony.

Byron, Jan. 15. — An invention, which it is believed will have an important effect upon the automobile industry, has been perfected by G. E. Thompson, son of a farmer of this section. The invention consists of a device attached to the engine, which prevents overheating of the radiator, does away with cooling fans and prevents the deposit of carbon in the cylinders. The invention has been given extensive tests and is said to be a success.

Redwood City, Jan. 15. — A petition bearing 155 signatures was filed yesterday asking the supervisors to call an election under the local option law in the district in the city of Redwood City, which is in the incorporated city of San Mateo, Burlingame and Hillsborough. It is stated that the petition will effect a number of well known resorts in Belmont and roadhouses on the State highway south of San Mateo.

Martinez, Jan. 15. — After the supervisors of Contra Costa county had authorized the holding of an election for the purpose of forming another township of the town of Oakland and surrounding country, they discovered yesterday that the election would have to be postponed until 1915.

It was pointed out to the supervisors that the State law prohibits the changing of a township's boundaries during the term for which a justice of the peace is elected.

San Rafael, Jan. 15. — The city council consolidated a number of the minor city offices and changed the salaries in conformity with the new charter, under which the first municipal election will be held in April. The offices of city clerk and assessor were made one and those of tax collector, license collector and treasurer were combined. The salary for each of the combined offices was fixed at \$1000 yearly and the salary of the chief of police was reduced to \$1200 yearly.

Martinez, Jan. 15. — Coming here from Oakland yesterday, Albert C. Files of Fall River, Massachusetts, and Miss Anna Ceila Shaw of San Diego secured a marriage license and were married shortly after by Justice of the Peace C. H. Hayden. Miss Lydia Buline of Monterey, who accompanied them, was a witness at the ceremony.

LETTER ON SHOE BOX IS FILED AS WILL

SAN FRANCISCO, Jan. 15. — A shoe box was filed in the Probate Court yesterday as the last will and testament of the late August Wegener, who died in a local hospital on December 29 last.

On the bottom of the box is written the following will, in which he bequeaths his \$3800 estate to his wife, Mrs. Anna Wegener, 371 Missouri street.

October 5, 1914.
Mrs. Wegener: I send you four deeds, two insurance papers, the tax title and a little jewelry and my funeral papers. Will you please, I beg, keep these till I come out, and if I don't come out, it is all yours.

AUGUST WEGENER.

LEAP FOR FREEDOM DASHES MAN TO DEATH

SAN FRANCISCO, Jan. 15. — Eugene Buckner, alleged default clerk of the Hotel Holland at 151 Ellis street, jumped from a fifth-story window of the hotel to the roof of the Masonic Temple, a distance of three stories, yesterday afternoon in an attempt to escape arrest. He suffered injuries from which he died last night.

Surrounding himself Wednesday to his former employer, John J. Crawford, proprietor of the hotel, Buckner was placed in a room. He was to have corrected his books, which he had falsified during the six years of employment, and to have established the exact amount of his penitentiary, which, Crawford says, were about \$2000. Then he was to have been turned over to the police to satisfy a warrant charging him with embezzlement, issued last August.

Before the clerical work was complete, Buckner, who was known as George Williams until after his disappearance in August, made the jump for freedom. He jumped from the window, expecting to land on the roof of the building below and climb from there to escape. Instead, he struck the light shaft. He was taken to the Central Emergency hospital, where it was found his ribs were fractured and his right leg broken.

According to Crawford, Buckner was a member of a well-known San Francisco club and leaves a wife and daughter in Atlanta, Ga.

CLARK WON'T RUN FOR PRESIDENCY, DECLARED

SAN FRANCISCO, Jan. 15. — Frederick T. Dubois, former United States senator, who has been here for a few days and is on his way to San Diego, accompanied by Charles F. Campbell of Washington, D. C., and by the former champion Clark at the Baltimore convention. They are at the St. Francis.

Dubois said this was his first visit to San Francisco since he was here with President Taft's party on the way to the Philippines. He declined to discuss political matters, but did talk about Speaker Clark being a candidate for the Democratic nomination for President next year.

"Champ Clark is of the opinion," Dubois continued, "that if the Wilson administration is a success President Wilson will be re-elected, and if it is not a success the Democratic nomination will not be worth having."

BAD COLD? GET RELIEF AT ONCE WITHOUT QUININE

"Pape's Cold Compound" Ends
Severe Colds or Grippe
in Few Hours.

You can end gripe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine.—Adv.

IRON MANAGER VICTIM OF BUNCO OPERATORS

DENVER, Jan. 15.—Otto Witt, vice-president and general manager of the White Iron Works of Kansas City, who was in town on a business trip, was the victim of a bunco operation which was worked on the Mississippi in Southern California.

Witt arrived here last night expecting to meet "Robert Nettleton" and "Frederick Rogers," who met him in Los Angeles, found him to be a bunco man, and he was taken to the police station. He was held for \$10,000, but when it came time to pay his friends told him the police were after the two and they would have to scatter, meeting later in Denver.

Witt went to the Alamo hotel here to meet the two men. This morning they had not shown up and he was told they had been locked up. He then reported matter and left for home.

Semi-Annual Clearance Sale

of
SOROSIS SHOES

Will Begin
Saturday, Jan. 16, 1915

Every Winter Shoe, Every Broken Line and every Shoe showing the least effect of try-ons will be sold at following reduced prices:

\$7.00 to \$10.00 Values \$5.85	\$5.50 to \$6.50 Values \$4.85

The Human Element Behind Your Telephone

THE repair man who quickly mends breaks in the line, the private branch exchange operator, the man in the commercial office and the engineer who lays out the routes for long distance calls, are co-operating with many other kinds of telephone workers to make your Bell telephone of the greatest possible service to you.

It is this army of 150,000 loyal telephone people working with the best telephone equipment and standardized methods, that enables the Bell system to give universal service to 8,000,000 telephone subscribers and to handle 26,000,000 telephone calls each day.

Every Bell Telephone is a Long Distance Station

AND TELEGRAPH COMPANY**

WHEN RUN-DOWN WEAK AND NERVOUS

What Should a Man Do? Suggestion of Ohio Druggist to One Such Man Saved His Life, So He Says.

NELSONVILLE, Ohio.—"I was all run-down, weak and nervous and had no appetite at all. In fact I was very much discouraged until our druggist told me about Vinol and asked me to try it. I did so and it has certainly been a life-saver to me. I can gladly recommend Vinol to anyone who needs a blood and nerve tonic."—S. S. STEENROD, Nelsonville, Ohio.

When a man is run-down, weak and nervous, he needs a good appetite, good digestion, better blood, more strength, more vitality, and we do not know of any medicine that will supply it so quickly as Vinol.

It is the active medicinal principles of cod liver oil aided by the blood-making strengthening properties of tonic from, contained in Vinol, which make it so efficient in building up health and strength for weak, nervous, run-down men and women.

We ask every weak, nervous, run-down person in this locality to try Vinol on our guarantee, and if it fails to help you we will return your money.

The Oak Drug Co., Oakland, Calif., and at leading drug stores everywhere.—Adv.

PSEUDO-BURGLAR WILL BE SENTENCED BY WIFE

Alarmed when she returned home late last night from the theater and heard somebody moving about in the house, Mrs. John M. Fairchild, 5555 Broadway, telephoned to the police that there was a burglar in the house. With the auto patrol wagon Sergeant Michael Byrne and Patrolmen J. A. Key and Drury rushed to the house. They found Mrs. Fairchild on the front porch waiting for them as she was afraid to wait in the house.

"There is somebody locked in the bedroom," she said. "The door is locked and I heard them moving in there."

Byrne stationed Drury under the bedroom window and with the aid of Riley proceeded to break in the door.

They found the burglar. It was Fairchild, who had returned home before his wife and who, according to Mrs. Fairchild, was apparently somewhat under the influence of liquor. The police retired leaving the burglar to be examined, judged and sentenced by his wife.

FORMER TENNIS STAR IS SUED FOR DIVORCE

SAN FRANCISCO, Jan. 15.—Robert N. Whitney, former tennis champion, it is announced, is defendant in a divorce suit begun by his second wife, Caroline K. Whitney.

The wife charges that Whitney struck her on several occasions, once inflicting a cut over one of her eyes.

Whitney brought suit for divorce on the ground of desertion in December, but it was dropped. His first wife obtained a divorce in June, 1909, and later had him arrested for neglect to provide for his minor child.

"He was married to the second Mrs. Whitney a few days after the first divorce," she said.

PHYSICIAN BANKRUPT

Dr. J. E. Clark of Oakland, physician and surgeon, yesterday filed a petition in voluntary bankruptcy in the United States District Court. His liabilities were stated at \$1719, with assets amounting to \$877. The greater part of the money owed by Dr. Clark was borrowed on notes, and his assets consist chiefly of technical volumes and surgical instruments.

OAKLAND SCHOOLS ENROLL 24,814

Attendance for Year 1915 Establishes Record in Local Educational History.

A total of 24,814 children, enrolled in the Oakland public schools, a record exceeding any attendance figures in the history of the city was reported to the Board of Education in the list of attendance figures compiled by Superintendent of Schools A. C. Barker and issued today. Last August's figure was 22,255, the nearest approach to the 1915 total.

There are 3438 students in Oakland's high schools, and 21,376 in Oakland's primary schools. The last total school attendance figure before the annexation of territory to the east of Oakland, as far as Elmhurst, gave the city school attendance as 17,657.

The figures on attendance in the different schools and their totals for this term, last year and the last term before annexation, showing the remarkable school growth, are as follows:

CHILDREN CAN'T TAKE TRIP

WASHINGTON, Jan. 15.—Secretary Daniels wrote yesterday to a little boy and girl of Corvallis, Ore., telling them he was sorry he could not grant their request that the school children of Oregon be permitted to make the voyage through the Panama canal on the famous old battleship bearing their state's name. Daniels said that as the Oregon was built to carry only 900 men, it would be impossible for her to take care of the 15,000 young people in the state's schools.

BID FOR ASSETS

NEW YORK, Jan. 15.—Bids for the assets of H. B. Claflin Company, the bankrupt dry-goods firm, were opened yesterday. There were two bids, both from E. W. Jones, secretary of the note-holders' committee. One bid provides that the bidder shall pay 25 per cent of the claims of the creditors dissenting to the plan of reorganization. The other bid offers \$10,000,000 for the assets.

MANCHU EMPEROR HAS SHADOW OF KINGDOM

PEKING, Jan. 4.—Although the Manchurian imperial family still remain in Peking maintain military bodyguard and conduct their court, the encroachments of the Republican administration upon the forbidden city continue. For some time only about one-half of that vast enclosure which lies across the center of Peking has been reserved and "forbidden" for the boy emperor and his retinue. The other half, that to the south, has been controlled by the present government, and troops of the republic have been quartered in the spacious halls where the emperors from dependencies low-towed before the "Great Ching" monarch. The republican administration

has repainted these buildings and cleaned up the court yards in which the personages of the former spectacular regime covered their rich robes with dust. Now the new government has opened this southern section of the sacred preserves to any and every visitor who cares to pay a Mexican dollar. The charge is for admission to the new museum, designed on foreign lines, containing treasures from the Manchurian palaces at Jehol and Mukden in Manchuria. It is reported that the administration has ordered that treasures (which are renowned throughout Europe and America) shall be in part sold to collectors from abroad—Europe, America and Japan—and that the proceeds shall be divided between the Republican Government and the Imperial family. It is proposed that those articles which are held

in duplicate and also those of no historical or antique value shall be disposed of to foreigners. The treasures comprise, largely, gifts from minor princes to Manchurian monarchs, many being the rare handwork of ancient artisans.

TRIED FOR SLAYING GUARDS. GREENWOOD, Ark., Jan. 15.—Within two hours after the case was called, a jury was procured today to try James Shankard and Bee Trout, charged with the deaths of two mine guards during the rioting in the Prairie Creek coal mine disaster last summer. The opening statements were completed before the court adjourned and the taking of testimony began today. Counsel for the two men made it known today that the defense would attempt to prove an alibi.

BOYS' BAND TO PLAY AT CONCERT IN HOTEL

Victor Reiter, manager of the Hotel Oakland, has tendered the Ivory ballroom to the Oakland Boys' Club for a benefit concert.

The club is giving this concert to raise funds that the work may continue. This past year has been made more difficult because of the extensive relief work, the war sufferers' appeal, with the result that home subscriptions have been cut.

The Oakland Boys' Club band carried away two prizes at the Sacramento State Fair band contests, another at the Greek theater Berkeley. The band will give an extensive program and there will be other talent.

Sunday afternoon at 2 o'clock, February 14 is the date of the entertainment.

COUPLE IN QUARREL; WIFE TAKES POISON

Following a quarrel with her husband early this morning, Mrs. May Smith, 1009 San Pablo avenue, attempted to commit suicide by swallowing bichloride of mercury tablets. The plan was frustrated by her husband, who removed the tablets from her mouth and summoned the police, who took her to the emergency hospital.

Frank Smith, the husband, declared that they had an argument about 1 o'clock this morning, and that she became very angry. She refused to make any statement at the hospital, other than that she would do it again if she had the chance. She is being held in detention. Smith is a teamster in the employ of the People's Express company.

FISHER NEW HEAD

OAKLAND Y. M. C. A.

Succeeds W. M. Alexander as President of Young Men's Organization.

Ralph T. Fisher, one of the leading civic and church workers of this city, was unanimously chosen president of the Young Men's Christian Association, to succeed Wallace M. Alexander, last evening at a meeting of the board of trustees. They elected other officers as follows: Robert Robertson, vice-president; C. H. J. Truman, recording secretary, and L. G. Surges, treasurer.

The members of the board expressed regret over the resignation of Alexander, who for ten years has served as a trustee and president of the association and to whom more than any one other man, the association owes its present splendid building and equipment.

In retiring from the presidency of the board last night he spoke as follows: "The present time marks ten years of my life with the Y. M. C. A. of Oakland, and you will pardon me if I am reminiscent a little. It was 25 years ago that the association first began in Oakland. It was located at 255 Broadway and occupied three rented rooms. The association dated back from the time of Mr. Joseph Stuy, M. J. Robertson was president. The amount of the budget for the first year was \$4,000; and there was raised from subscriptions about \$2,000. The membership fees for the first year amounted to \$250, and the membership was only 165.

SOLD BUILDING.

"I was elected to the board of directors in 1904. In those days the association had fallen back to a comparatively few members. They had sold their building on the corner of Twelfth and Clay streets. We met in a little room in the Decker building—in a little back room looking out on an alley; and the first time we had our meeting there was no quorum present and we had to try several times before we had a meeting. The closing of the rooms at the corner of Twelfth and Clay streets had, it seemed, almost killed the spirit of the Y. M. C. A. because it seemed there was nothing going on.

"Things continued this way about a year, and then a great effort was made to revive the old spirit. A new board of directors was elected and I was elected president. Shortly after that, we acquired a lot on which the Young Men's Christian Association building now stands. The great trouble in those days was to find some means of carrying on the Young Men's Christian Association during the intervening period, until we could open up again to the young men of Oakland. For three years we struggled on, and then decided to take the bit in our teeth and see what we could do. With the aid of Mr. Robertson, the state secretary, we started a campaign, which you remember, and we raised \$25,000 for a building that was opened in December, 1910.

MANY IN DORMITORIES.

"Compared with the association of 25 years ago, we have a property valued at \$250,000. Our annual budget is now \$35,000. Membership receipts amount to \$25,000, and we have a membership of about 2,000. There more men in the building now than composed the membership during the first years.

"At the beginning of the year 1915, I want to make an appeal to the people of Oakland for the Young Men's Christian Association. 1914 has been a hard year. The change of administration coming in at the early part of the year before and the uncertainty regarding different laws that had been passed, made capital very tight. The young men of Oakland have been desolated by the destruction of the city. They have been destroyed by the war. They have been destroyed by the loss of their young men by the thousands. The cry comes to us to look well to the young men of our city. If we can get to build the foundation on the young men, and we should use every effort in our power to encourage them in the way they should go and teach them the ways of the Young Men's Christian Association.

"The budget during the last year was \$30,000. The general secretary has labored unceasingly during the year to reduce expenses and he has reduced them to a degree so that it will cost us about \$30,000 less to do the work than we expected; but owing to the depression of the year behind us, we still have felt that something ought to be done, and that we should not enter this year owing more than \$10,000 in money, and I have made up my mind that if we can get the proper response from the people of Oakland, that I will put up sufficient to bring it down to only the amount we owe the bank.

EXPECTS FAVORABLE YEAR.

"During 1915 I am looking for a better time. We are going to have the fair, and there are going to be lots of people coming to the coast, and I am looking for better things. But the people of Oakland have not done their share to the Young Men's Christian Association. The people of Oakland have not done their share to the Young Men's Christian Association. In the city of Portland about 15 per cent of the entire expense of the Young Men's Christian Association is borne by the city. The year before, in San Francisco, I understand, they raised about 14 per cent, and in Berkeley about 20 per cent. This is the Young Men's Christian Association of the trustees; it is not my Young Men's Christian Association—it belongs to the people of Oakland, and the responsibility is on them to carry it forward.

"I want to say a word in closing in regard to the general secretary. I do not think you appreciate what a fine secretary you have. He has been working here day and night, and has come here almost any hour of day or night, and he has at his desk. He has been assisted by a fine corps of assistants. You could not find such a fine body of men anywhere as you find here. They deserve your support."

AMERICANS NOW GREATEST DANCERS

Yet Century Ago New York Council Forbade Masque Ball.

One hundred and five years ago today the New York City common council passed an ordinance prohibiting masked balls on the grounds that they would tend to a subversion of all law and peaceably distributed of citizens and were calculated to encourage the light and frolic of the youth of both sexes and produce immorality and disorder. The council council was moved to this act because a report had come to its ears that a certain masked ball was about to be given at the first of the city. There was at that time a very famous dancing club called the "City Assembly" which was a very exclusive social organization, a remote predecessor of the "Four Hundred" as it is called today. The assembly was a masked ball given at the city hall, an almost equal interest in dancing was manifested. The nation's dancing bill would pay interest on the national debt, for a million people would be dancing on the dancing floor. In Cleveland, Chicago, Detroit, St. Louis and Milwaukee the dancing ball has become a social custom of the city. This dance craze is attributed to the growth of the city with its intense social ban and dancing has become a social custom of the city. This dance craze is attributed to the growth of the city with its intense social ban and dancing has become a social custom of the city.

Rich Friend Gone, Aged Poor Man Is Dying From Grief

BERKELEY, Jan. 15.—"Chummy," an aged pensioner of the Sperry Flour Company, was taken to the Roosevelt hospital in Berkeley yesterday in a very low condition. The doctors say that he will not live long.

"Chummy," whose right name is Walter Backham, was the lifelong friend of A. W. Kinsay, cashier of the Sperry Flour Company, who was killed in an elevator accident in San Francisco some weeks ago.

Since the death of his friend the old man has lost spirit and health rapidly.

"I haven't a friend in the world now," he told solution-fellow employees. "There isn't much to live for."

Kinsay and Backham came to this country from England together when they were boys. Their ways parted finally. Backham forged ahead in the world of business, but he did not forget his less successful friend. For thirty years "Chummy" dined at the home of Kinsay on Sunday afternoons.

After the death of his friend "Chummy's" condition became serious and his fellow employees tried to send him to the county hospital. The old man refused to go, however, continuing to live in the little room provided for him by the company on the yards of the plant.

Finally the widow of his late friend was appealed to, and she induced him to go to the hospital, where he is being cared for.

BOURBONS BATTLE FOR ALLIES, NOT AUSTRIA

PARIS, Jan. 15.—Reports that the Princes of Parma, brothers-in-law to the Austrian heir apparent, have been fighting in the Austrian armies, have caused great indignation in French royalist circles. The princes of the Parma branch of the Bourbon family, descendants of Louis XVI of France, number seven.

It is asserted that they have never served in Austria during the present war. The two eldest, Princes Sixtus and Xavier, went on the first day of hostilities to the recruiting office at Blois and asked to be enlisted in the French army. Their services being declined by reason of the law precluding members of French royalty from serving in the army, they went to their cousin, the King of the Belgians, to be enrolled with the Belgians. During the journey Prince Sixtus was injured in an automobile accident at Calais and lay for two days without consciousness.

King Albert came to see the injured prince and said to console him for his enforced inactivity, "My dear cousin, you must consider yourself as having been wounded on active service."

As the result of this accident Prince Sixtus has returned to Palermo, his estate in Italy. He will not be fully recovered from his injuries for several months, but he has expressed resolution to return in February to take up a position in the British army, which his cousin, King Albert, is arranging for him to have.

Those of his brothers who are old enough to do so, it is said, will follow his example.

DECLARES BRIBERY CHARGE "ABSURDITY"

PARKERSBURG, W. Va., Jan. 15.—A Leo Weil, the Pittsburg attorney who was arrested near here and taken to Charleston on a warrant charging an attempt to bribe a member of the State Public Service Commission, returned here late yesterday, after being released under \$25,000 bail.

Weil, who is chief counsel for the Manufacturers' Light and Heat Company, the largest corporation of its kind in the State, issued a statement in which he characterized the bribery charge as an "utter absurdity."

LIQUOR LICENSE REVOKED.

The city council today revoked the liquor license held by Meador & Walker, druggists, 458 Twelfth street, on the recommendation of Chief of Police Walter J. Fletcher. The firm is not, according to the chief, dealing in liquors and has not paid its quarterly license.

"Spizzerinktum"

Devious and many are the ways in which new words are ushered into the English language. For many years F. E. Wright, the publisher of millions of dictionaries, employed in his own vocabulary the pet word, Spizzerinktum. The daily message to all his subordinates was: "Put spizzerinktum in it." Those about him know that this is his "do-it-with-a-punch" admonition.

The newest word in the newest Dictionary, meaning Vim, Vigor, Energy, Force, Persevering, Zeal, etc.

The editors of the Modern English Illustrated Dictionary were struck by the force of this unusual word and incorporated it in this modern dictionary.

Greatly Reduced Illustration of the \$4 book

"The Tribune"

is the one medium in this city through which this latest dictionary can be had. The entire advance edition has been taken by a combination of newspapers. For a limited time only it can be had at the office of this paper.

How to Get It

On page 2 there is printed daily a Certificate of Application. Present it, together with the expense bonus amount of 98 cents (covering items of packing, express, checking, clerk hire, etc.), and receive, without further cost, this wonderful octavo book of 1300 pages, bound in limp leather. (See illustration.)

Your money back if not satisfied.

For 81 cents, precisely the same book, bound in half leather, is regularly at \$3.

Or for 48 cents, the same text matter, bound in cloth without charts and color plates; regular price \$2.

NEW WORDS

recently incorporated in our language are found throughout this dictionary.

TRY TO FIND THE FOLLOWING WORDS IN YOUR OLD DICTIONARY:

Volplane, pylon, cavitation, biplane, brainstorm, blither, cordite, dematred, dunfite, ekapi, hookworm, lettergram, nickelodeon, stoveaine, hangar, etc.

OCEAN WRECKERS RESORT.

By Associated Press.

SEABRIGHT, N. J., Jan. 15.—A higher tide than has been known in this resort swept across the beach yesterday morning, wrecking cottages and sweeping out to sea thousands of cubic yards of solid earth. The new bulkhead installed to keep back the ocean after last year's disastrous tide was crumpled and swept out to sea.

WOMEN CLERKS NAMED IN NORTH

Oregon Economy Plan Is Victory for Fair Office Seekers.

SALEM, Ore., Jan. 15.—Economy clauses under which the members of the present Oregon legislature came to Salem went into the discard yesterday, so far as clerkships were concerned. Both the Senate and House, after bitter debates, adopted resolutions providing that each senator and each representative should be allowed one woman clerk, each at \$5 a day.

The presence in the galleries of a platoon of pretty young women while the debate was in progress, who applauded the advocates of increased clerkships, was a feature of the occasion.

LOSES SUIT TO COLLECT FOR LOSS OF WIFE

KLAT, Jan. 15.—One of the most sensational cases ever tried in the local superior court came to a sudden close yesterday afternoon when Judge White announced the Schmitt-Redemeyer case. George Schmitt, a local tailor, was suing Ottis Redemeyer, a large property owner here and director in the savings bank of Mendocino county, for \$100,000 damages. The complaint charged that Redemeyer had abducted and enticed Schmitt's wife away and alienated her affections.

Mrs. Schmitt was formerly the wife of H. C. Ferguson. Attorney Robert Duncan, for the defendant, made a motion for non-suit on a number of grounds. Two of the chief points were that the evidence did not show that the plaintiff was entitled to any verdict; that the evidence did not show that the defendant had alienated the affections of the plaintiff's wife and that she was never lawfully wedded wife of Schmitt, as she had never been legally divorced from Ferguson.

MOVIES BLAMED FOR MRS. GIBLIN'S SUICIDE

MARYSVILLE, Jan. 15.—A motion picture, wherein two men engaged in a desperate fight over the love of a woman, put the thought of self-destruction into the mind of Katherine Giblin, who committed suicide here last Tuesday, according to the testimony of the widow, John Giblin, at a coroner's inquest yesterday. Giblin said his wife was much affected by the tragic love picture, viewed the night before the tragedy, and that she said the situation of the woman on the screen "fitted her case."

MRS. DE BOLT WILL GO BACK TO PARIS

SAN FRANCISCO, Jan. 15.—Mrs. Thurman Alden deBolt, who returned to this country from Europe a few weeks ago, and filed suit for divorce here on Wednesday last, yesterday sought passage on a steamer to Europe, where she hopes to remain indefinitely, according to a statement made by her stepmother, Mrs. Andrew S. Rowan of Mill Valley. Mrs. deBolt crossed the Atlantic with Mrs. John C. Black of San Francisco, but decided to remain in New York, settle her affairs by telegraph and go back. Mrs. deBolt is a daughter of Major Andrew S. Rowan, U. S. A.

CECELIA MAY WEBS GERMAN ARMY OFFICER

BERLIN, Jan. 15.—At the embassy at 4:30 o'clock yesterday afternoon Miss Cecelia May Jacobs, daughter of Colonel and Mrs. Henry May of Washington, was married to Lieutenant William von Rath Jr., Ambassador Gerard gave away the bride. Lieutenant von Rath was attached to the German embassy in Washington but returned home on the outbreak of the war and is now an ordinance officer of the Thirty-third cavalry brigade on the Eastern front.

SEIZED DIAMONDS QUEEN OF SHEBA'S

NEW YORK, Jan. 15.—Treasury agents yesterday seized from A. Annikadjian, a resident of Constantinople now in this city, two egg-shaped diamonds weighing more than eighteen carats each and said to have been worn centuries ago by the Queen of Sheba. The diamonds are said to be of great value, not only because of their size and quality, but because of their antiquity. Collector Malone directed the seizure of the jewels, which he claimed Annikadjian failed to declare to the customs officials when he arrived in the United States on October 19 last.

REPORT OF DEPOSITS ENCLAINED DURING PRECEDING TEN YEARS

THE OAKLAND BANK OF SAVINGS

At Oakland, Cal., as of January 1, 1915.
Bank No. 46.

NAME	Last Known Place of Residence or Postoffice Address	Alive or Dead	Amount
Baker, Ann E.	Franklin St., Cor. Oak St., San Francisco	Not known	\$642.00
Buzzini, Antonio	Colombo Hotel, Broadway, Oakland	Not known	\$29.00

ELK CHARITY BASEBALL GAME WILL BE UNIQUE

The plans for the big charity baseball game under the auspices of the Alameda and Berkeley Elks, carded for Sunday afternoon, January 24, go merrily on, each day bringing forth some new attraction for the program.

The Elks and Grooms of Alameda lodge, original and unique organization of sixty members, and the only one of its kind in the order of Elks, will appear at the festivities, clad in costume, to bring to life the sketches made famous by Tom Powers, the famed cartoonist.

As the names imply, the Elks are of a

joyful and optimistic turn of mind, while the Grooms are supposed to be the chronic growlers and fault finders of the lodge.

Of course the Elks will shout for their ball team to win, and will doubtless have a riotous time, while the Grooms, according to popular notion, will sit moodily by, hoping the Berkeley lodges might win, for they never did as any good in their own ball team.

However, it is all in fun, and indicates the intense interest the Elks are taking in their big annual event in the interest of sweet charity.

SOBRIQUET "ZU ZU" OFFENDS.

Because his friends had given him the sobriquet of "Zu Zu" Joseph Bar-

ros Souza was this morning granted the right by Judge Everett J. Brown to change his name to Joseph Smith. Souza asserted that he was born on the island of Santa Maria, where the name of Souza was respected and not derided, and he objected to the nickname.

RELIGIOUS FOUNDER DEAD.

By Associated Press.
LONDON, Jan. 15.—The Rev. Richard Meux Benson, founder and first superior of the Society of St. John the Evangelist, commonly called the Cowley Fathers, died yesterday at Oxford. He was the author of a number of books on religious subjects.

Best Laxative for Children

When your baby is cross and fretful instead of the happy, laughing little dear you are accustomed to, in all probability the digestion has become deranged and the bowels need attention. Give it a mild laxative, dispel the irritability and bring back the happy content of babyhood.

The very best laxative for children is Dr. Caldwell's Syrup Pepsin. It contains no opium, no narcotic drug, is pleasant tasting and acts gently, but surely, without griping or other distress. Druggists sell Dr. Caldwell's Syrup Pepsin at fifty cents and one dollar a bottle. For a free trial bottle write to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ill.

MANUFACTURER OF MARSHFIELD IS DEAD

Word was received here yesterday of the death in Marshfield, Ore., of Garland W. Dungan, a son of Mrs. Sarah E. Dungan of 231 Sixty-second street, this city. The deceased, who is a Marshfield manufacturer, was born in Humboldt county, this state, in 1858. He leaves a widow in Marshfield and these sisters and brothers: Mrs. James Smith and Mrs. Mary L. Shaw of Oakland, H. L. Dungan of Berkeley, Charles H. and William E. Dungan of Marshfield, and Thomas D. Dungan of Kelso, Wash.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid, which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often sore, water scale and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of acid salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Acid salts is a life-saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful effervescent lithia-water drink.

RETIRED TEACHER OF OAKLAND DIES

Prominent Citizens Will Be Pallbearers for Miss Henrietta Simpson.

Miss Henrietta Simpson, for many years a teacher in the Oakland school department, died last evening at the home of her sister, Mrs. Timothy Barker of 1212 Castro street. During the last few months Miss Simpson was ill, having resigned from the manual training school about one year ago.

She was a teacher of English and an authority on various branches of literature. Miss Simpson had the distinction of having taught many of the influential citizens of Oakland, where she had lived the greater part of her life.

In church circles Miss Simpson was able and especially active in the activities of the First Presbyterian church of this city. In philanthropic movements of Oakland she was interested and gave many causes her support.

Miss Simpson was born in New York, having come to Oakland in her girlhood. Her sister, who survives her, Mrs. Timothy Barker, is an aunt of Mrs. Walter M. Alexander of Piedmont.

The funeral will be held tomorrow afternoon at 3 o'clock from the Barker residence on Castro street. Rev. W. L. Goodspeed, pastor of the First Presbyterian church, will officiate. The music will be supplied by Mrs. Zulpha Ruggles Jenkins and Mrs. Ruth Waterman Anderson of the Presbyterian church quarter.

The pallbearers will be Harmon Bell, P. M. Fisher, principal of the Oakland technical high school; Prof. E. J. Wickson, Roscoe Jones, Charles Williams and Superior Judge Everett J. Brown.

LEONA HEIGHTS DISTRICT SEWER PLANS ADOPTED

The only large section of the annexed district left without sanitation is to be provided for by plans adopted by the city council today. The sewer will extend over about four miles of streets in the Leona Heights district. The resolution of intention provides for sewers in portions of Adams street, Fifty-fifth avenue, Calverna avenue, Trumbull avenue, Fleming avenue, Magnolia avenue, Normandy avenue, Moreau avenue, Madara avenue, Alameda avenue, Fair avenue, Buell street, Birdall avenue and certain rights of way.

Routine street matters were transacted on the recommendation of Commissioner of Streets W. J. Bacus as follows:

Directing the superintendent of streets to notify the owners of lots fronting on Adams street 6 feet in width, within 20 days, on Ninety-sixth avenue from East Fourteenth street to B street, who do not already have a sewer, to connect with the city sewer.

Directing the city engineer to prepare plans and specifications for grading, curbing, guttering, all-macadamizing and improving Eighty-sixth avenue from East Fourteenth street to E street.

Recommending passage of ordinance establishing curb grades and positions of curbs on streets in the district bounded by Twenty-ninth avenue, right of way of the C. & P. R., Twenty-second avenue, Livingston street and the southwestern boundary line of the city of Oakland.

FILE PROBATE PETITION.

Petition for the probate of the will of the late Oliver C. Orrick was this morning filed in the Superior Court by his son, O. S. Orrick Jr. The deceased was the president of the California Paint Company and left his entire estate to his widow, Mrs. Mary Orrick, naming the son as executor of the estate.

SEEKS MYSTERY MAN IN DIVORCE

Edwards Davis, Former Oakland Pastor, Reopens Divorce Case.

NEW YORK, Jan. 15.—With millions of dollars in mysterious income, a divorce suit, according to Edwards Davis, a former Oakland pastor, cleared up the maze of charges and counter-charges that have puzzled the courts for two years. Davis, who is now in New York, has reopened his lawsuit against his wife, Adele Blood, following a decision in her favor, with the demand that Sample, whom he blames for much of the trouble, be located and questioned before final judgment is given.

The mysterious stranger is declared to have furnished the funds for Miss Blood's recent dramatic tour and also spent a fortune in gaining evidence for her in the lawsuit she filed, naming Julie Power, another actress, as co-respondent.

Miss Power and Davis, who was once pastor of the First Christian church of Oakland, had toured in vaudeville and following this Davis preferred a suit for divorce against his wife, known as Adele Blood, whose permanent home is in Alameda, Cal., where her mother resides. Miss Blood, in her counter suit, named Miss Power co-respondent, and the case came before Frederic Leubuscher, referee in counter divorce suits.

PREPARER OF COMPLAINTS.

The referee, on Davis' information, is hunting Sample, who has disappeared, and if found, Davis declares, will give evidence that will entirely change the referee's opinion of his wife. Sample is declared, besides having assisted Miss Blood, to have prepared a divorce complaint for Frederic E. Bryant, a stage manager, against Julie Power, Bryant's wife.

The three divorce cases, mingled in a tangle of facts and allegations, have for a year past proved one of the puzzles of the New York courts. The case has been reopened by Davis' motion of a confirmation of the referee's report, which, it is declared, will pave the way for the introduction of sensational testimony.

Edwards Davis was one of the best known of Oakland pastors before he left the ministry for the stage. He married Miss Blood, an Alameda girl, whose beauty and acting abilities made her today one of the most noted stars in America. She and Davis appeared on the Orpheum circuit in "The Picture of Dorian Gray," adapted from Oscar Wilde's novel of the same name. Davis later appeared in "The Kingdom of Destiny," with Miss Power, over the same circuit. Miss Blood recently starred in "Everywoman."

CORONER REPORTS ON INQUESTS DURING WEEK

Deaths coming under the jurisdiction of the coroner were investigated at the weekly inquest held by Coroner Grant D. Miller last night. His report follows:

Victor P. Truesdale, died January 12, pneumonia of left lung; death from natural causes.

Amasa F. Gill, died January 14, at Pleasanton, acute dilation of the heart; death from natural causes.

James Howatt, died January 9, fatty alcoholic liver, death from natural causes.

Daniel J. McGowan, killed by Key Route train, January 8; death accidental and due to negligence; company absolved from blame.

Frank Roberts, hanged himself in city prison, January 9, death due to strangulation.

George M. Bruce, found dead January 9; death due to heart disease.

WIRELESS RESTRICTION ON PACIFIC REMOVED

By Associated Press.

NEW YORK, Jan. 15.—The Marconi Wireless Telegraph Company of America announced yesterday that it had been informed that as the result of a conference in Washington between officials of the navy department and of the company the restrictions against the transmission of coded wireless messages between the United States and the Hawaiian Islands had been removed. The radio service on the Pacific Coast is consequently placed on the same basis as that on the Atlantic. The restrictions were imposed by the navy department after the Marconi station in the islands had transmitted an unauthorized message announcing the arrival of the German cruiser Geier.

OAKLAND Y. M. C. A. FIXES GYMNASIUM SCHEDULE

The gymnasium schedule arranged for the Y. M. C. A. of Oakland for the winter season is as follows: The gymnasium will be open to the public from 7:30 to 10:00 p.m. during the winter season. The gymnasium will be open to the public from 7:30 to 10:00 p.m. during the winter season. The gymnasium will be open to the public from 7:30 to 10:00 p.m. during the winter season.

OAKLAND TAKES SUSPECTS

SAN FRANCISCO, Jan. 15.—After languishing for two days in a cell at the city prison protesting their detention on vagrancy charges, three men—Pedro Arigo, Tony Riches and J. Romero—were taken over to Oakland today, where they are alleged to have entered the haberdashery of Kregg & Walton, at Fruitvale. Inspectors Drew and McCarthy of the Oakland police department came here last night, after looking over the trio, decided that they were wanted across the bay. Once more they were lined up on the floor of the prison and booked on route to Oakland. The inspectors came over again this morning and took them across.

GRANTED CHARTER

TOPEKA, Kan., Jan. 15.—The Prairie Pipe Line Company, with a capital of \$2,500,000, organized to take over the transportation property of the Prairie Oil and Gas Company, was granted a charter by the Kansas Charter Board yesterday. The Prairie Oil and Gas Company will continue as a producing company.

WANT HUNTER EXTENDED

JUDAIDS OF OAKLAND PLAN ELABORATE BALL

On Sunday evening, January 17, 1915, the Judaids of Oakland will hold their seventeenth grand ball at Wigwam hall, Pacific building, Sixteenth and Jefferson streets, Oakland. The committee, consisting of A. Cohn, chairman; I. Alexander, Dr. Cohn, Dr. J. H. Sampson and D. Pantosky is working hard to make this affair a success.

At the last meeting of this club the installation of officers took place. The following were installed: L. Smook, president; A. C. Buchanan, vice-president; D. Pantosky, treasurer; Dr. M. E. Lando, secretary; J. Margolis, financial secretary; M. Hellman, recording secretary; and M. Zilver, guard. Following the installation the members of the organization enjoyed a banquet, during which talks were given by the newly elected president and vice-president and lectures on various interesting subjects by Dr. M. E. Lando, Dr. J. H. Sampson, E. Shapiro and others.

RURAL CREDITS ARE URGED BY HOUSTON

By Associated Press.

TOPEKA, Kas., Jan. 15.—Secretary Houston of the Department of Agriculture took an optimistic view of the future of American agriculture in an address yesterday before the State Board of Agriculture in which he strongly urged early enactment of rural credits legislation.

"More helpful agencies are operating on rural life today," declared Secretary Houston, "than ever before in the history of the nation. The American farmer need not fear the competition of the world. He will inevitably control the home market, except for things which cannot be produced here and will be called upon increasingly to supply the demands of foreign nations."

BLACKLISTED MINERS OF BUTTE TO ORGANIZE

BUTTE, Mont., Jan. 15.—More than 200 miners who are out of employment and who claim that they have been blacklisted by the Anaconda Copper Mining Company, the North Butte and Butte Superior Copper companies, decided at a meeting here last night to effect an organization of all the so-called blacklisted men in the Butte district at a meeting called for tonight.

HOTEL MANAGER ARRAIGNED

William Bell, a hotel manager, was arraigned today on a felony charge of obtaining money under false pretenses. He is alleged to have induced Mary Wilson, 1055 Market street, to let him have \$25 on the representation that he had money in the bank but was unable to get any of it, as it was late at night. Bell was arraigned today on the charges before Judge Mortimer Smith and the case was put over for hearing.

CAUGHT WITH STOLEN BEER

SAN FRANCISCO, Jan. 15.—Fairmen Lane and Hyland entered the basement of the Groito cafe, California and Kearny streets, early this morning, after having been summoned by Henry Heber, the proprietor, who said he heard burglars. The officers found hiding behind hogsheads Edward Palmer and Walter Henry. They had several bottles of beer in their possession and were charged with burglary.

CALLS MEETING TO TELL OF PIEDMONT ABUSES

Complaints of alleged inefficiency, and charges, that telephone calls for private matters have been charged by firemen and policemen to the city of Piedmont, will be heard tonight in a meeting called by Dr. C. W. Schmidt, who recently complained to the city trustees that the department, under Marshal C. W. Banks, was not properly administered. The trustees at that time investigated and took no action. Schmidt has called the meeting at his offices in Oakland and has asked a number of Piedmont citizens to hear his story, preparatory to another appearance before the trustees tomorrow night.

ROOT CHOSEN CLUB HEAD

By Associated Press.

NEW YORK, Jan. 15.—United States Senator Elihu Root was elected president of the Union League Club at the annual meeting last night. Myron T. Herrick, former ambassador to France, was one of the vice-presidents elected.

DEMOCRATS NAME CANDIDATE TO SEEK OAKLAND MAYORALTY

JOHN J. McDONALD, PROMINENT ATTORNEY, WHO WILL BE CANDIDATE FOR MAYOR.

J. J. McDonald, attorney and prominent Democratic organization leader of Alameda county, was named last night as the latest candidate for mayor of Oakland by the Jefferson Club, the county's principal Democratic organization, when following its election of officers, it announced its plans for a campaign for the Oakland mayoralty.

Mr. McDonald has been chairman of the Alameda county Democratic central committee for the past twenty-three years and has twice served as a national convention delegate.

William B. Bunker was chosen the new president of the Jefferson Club, to take the place of A. W. Beam of Hayward, who retired from the office.

Several candidates had been in the field for the presidency, but at the last moment support was thrown to Bunker, who took office with but little opposition. J. C. Lane Jr. was chosen vice-president and P. J. Coch-

HARDWARE ANNOUNCEMENT

The trustees of BRITTAIN & CO. have sold out their entire remaining stocks, both of San Francisco and Oakland stores, to the F. A. Bogart Sales Co., who will continue to close out balance of this stock regardless of cost.

We are in position to save you from 20 to 50% on any supplies carried by us. Remember, the greater part of our stock will be secured from the original manufacturers, and in most cases this stock is purchased below the actual cost of manufacture, permitting us to offer you bargains never before heard of in Oakland. We stand back of every article we sell with an absolute guarantee that it must be satisfactory and as represented, or money refunded.

BAD COLD? TAKE CASCARETS FOR BOWELS TONIGHT

No Headache, Constipation, Bad Cold or Sour Stomach by Morning.

Get a 10-cent box. Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace to the blood. When this poison reaches the stomach, it causes constipation, food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is reabsorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.—Adv.

It is estimated that 25,000,000 persons attend the 4500 moving picture shows of England each week.

Alabama in three years has built 1,991 miles of good roads.

'TIZ' FOR TIRED AND SORE FEET

'TIZ' for Puffed-Up, Burning, Aching, Calloused Feet and Corns.

Why go limping around with aching, puffed-up feet—feet so tired, chafed, sore and swollen you can hardly get your shoes on or off? Why don't you get a 25-cent box of 'TIZ' from the drug store now and gladden your tortured feet?

'TIZ' makes your feet glow with comfort; takes down swellings and draws the soreness and misery right out of your feet that chafe, smart and burn. 'TIZ' instantly stops pain in corns, callouses and bunions. 'TIZ' is glorious for tired, aching, sore feet. No more shoe tightness—no more foot torture.—Adv.

OAKLAND BOYS & GIRLS

TALENTED COOK PREPARES MENUS

HELEN SHUEY, McCullagh photo.

Pretty Helen Shuey, seven-year-old daughter of Mr. and Mrs. Charles Shuey of Berkeley, is becoming an expert candy maker and she is also showing much skill in the art of cooking. She assists her mother in the culinary department and has already prepared a number of dainty menus for suppers and luncheons.

Though Helen has not yet studied domestic science, it is stated that she is receiving a splendid training under the supervision of Mrs. Shuey, who has found her daughter very apt. Helen recently enrolled in the Le Conte school of Berkeley, where she is now enjoying all the outdoor games and is ranked with the brightest in her class.

GRANT SCHOOL CHORAL CLUB IS REORGANIZED

The Girls' Choral club of the Grant school has been reorganized and the members have already commenced to practice for programs to be given this semester. Thirty-six girls have joined the society, which is under the leadership of Miss Astell, one of the teachers of that school. The membership roll includes seventh and eighth grade girls.

In the club are: Gertrude Schmidt, Marjory Hunter, Gladys Merritt, Elizabeth Koser, Carolyn Dean, Hazel Clark, Mabelle Killo, Helen London, Myrtle Batchelor, Margaret Tuttle, Edna Ernst, Margaret Meehan, Inez Hubbard, Marion Cox, Beatrice Pelletier, Jennell Routsom, Genevieve Van Gelder, Jane Howard, Dorothy Creston, Ethel Hughes, Anna Smith, Helen Chestnut, Helen Buffum, Adah Merreman, Gladys Tilden, Edwina Owen, Lucile Brown, Dorothy Fawcett, Johannah Monroe, Felice Nichols, Florence Brown, Teolima Roehl, Alma Hoffman, Josephine Myer, Dorothy Lynch and Dorothy Short.

The orchestra was re-established with the following juvenile musicians: Lucile Brown, Gladys Tilden, Herbert Juvn, Helen Hille, Robert Ball, Roy Kern and Charles Benson. Violinists: Morris Reed, Charles Hunt, and the Reed and Leon Barker, cornetists; George Hancock, clarinetist; Wesley Henderson, cello, and Edwin Kern, drummer.

SCHOOL PUPILS BUSIED IN STUDY OF CIVICS

Boys and girls in the sixth, seventh and eighth grades of the local grammar schools have become absorbed in the study of civics, which is being given as one of the branches of the civil government course.

In the classrooms the pupils talk about the civic topics of the hour. They are becoming familiar with the work of the legislative and congressional bodies and give their attention to all the bills pending in the state legislature.

Within the near future the debating clubs will arise upon the various measures that are being introduced by the legislature. Last year the juvenile debaters gave their opinions upon the whether law, prohibition, and the like system, and this year they will give their observations upon civic questions.

DANDRUFF MAKES HAIR FALL OUT

25-Cent Bottle of 'Danderine' Keeps Hair Thick, Strong, Beautiful.

Girls: Try This! Doubles Beauty of Your Hair in Few Moments.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first, but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Adv.

BUY YOUR MEAT AT THE LEWIS MARKET AND SOLVE THE HIGH COST OF LIVING

I've been fighting the Meat Trust for a good many years. I forced them to give the public of Oakland better treatment than they give the public elsewhere. I make prices that bring me new friends every day. Come down to my store Saturday and your eyes will be opened to some fine meat values.

Society

All-Wise, but
No Extempore

Even Cantatrice and Courtier
Fail to Speak Spontaneous Jests

MOST people have been at dinners where the light spontaneity of the speech has been a delightful detail of the evening.

One recalls the gay witty speeches of Bohemian Club dinners or of wedding suppers where the groom is toasted and used to say happy clever things quite impromptu.

One remembers the bon mots of Chauncey Depew, telegraphed across the country as he said them "right off the bat" at some banquet. But since a dinner of last week one is awfully tempted to doubt their spontaneity.

It was a dinner at the Sequoia Club for Mme. Pasquall. Decidedly an interesting affair with the Italian consul present, Senator and Senora de Morales of Argentina, Lantell, the artist, and Signor Globbe, representative of the Italian government at the Exposition among a score of others. All of them distinguished in a way and accustomed to the limelight.

A delightful occasion. There was no thought of speeches among the happy-hearted guests until, without warning, a toast-master rose and called for responses to toasts. It was terribly discouraging. No one had prepared a light spontaneous jeu d'esprit, and there were no notes in waistcoat pockets for impromptu speeches.

The Italian consul, who had faced kings and the formality of courts, was the first victim. Dumb and dismayed he "took the count" and sat down. Signor Globbe next sought refuge in his limited English. He knew twenty words, he said. Two of them were "welcome" and "all right." The other eighteen he had forgotten.

The toastmaster was determined. Mme. Pasquall, who has held thousands of dinners in the great Metropolitan Opera-house, and in Covent Garden, was called upon. She tried to speak and failed. Sheer stage fright. A score of guests about a dinner table were her Waterloo. It was so with others; until consternation in the party gave way to the irresistible humor of the situation, and the toastmaster was vanquished in gales of laughter.

MISS GHIRADELLI A HOSTESS.
Miss Carmen Ghiradelli will be hostess at a dinner preceding the Sans Souci dance at the Oakland this evening. The dinner will take place at the Thomas Watson Cushing's home in Piedmont and among the guests will be Miss Aliene Edoff, Miss Helene Richie, Miss Frances Redmond, Miss Esperance Ghiradelli, Laurence Nickel, Carlton Wines, Walton Moore, Scott Mills, and Lloyd Hardy of San Francisco.

Next Tuesday afternoon Miss Ghiradelli

MRS. J. S. OAK, A POPULAR YOUNG MATRON OF SOCIETY WHO WAS FORMERLY MISS JULIA SHAMP.

will entertain a group of her girl friends at a luncheon at the Cushing home.

MISS WETMORE TO ENTERTAIN.

Miss Philena Wetmore will be one of the dinner hostesses preceding the Sans Souci dance at the Oakland at which several hundred of the smart set will be gathered this evening. The dinner is planned in honor of Miss Antoinette Bean, the attractive niece of Mrs. E. A. Heron, who is visiting Oakland from her home in Illinois, and it will take place at the Oakland where Mr. and Mrs. Clarence Wetmore will chaperone the party. Invited to meet Miss Bean are, Miss Helen Cogan, Miss Alfreda Wright, Miss Laura Curry, Cecil Fosse, Frank Hall, Ralph Palmer, Robert Adams, and Gustave Reis.

FOR MISS BURLING.

Miss Margaret Moore's dinner this evening at the A. A. Moore home in East Oakland will be in honor of Miss Norma Burling of Santa Barbara who is visiting friends in San Francisco. Miss Burling is one of the belles of the Santa Barbara smart set, and is a niece of Dr. and Mrs. J. E. Page of the navy, the latter of whom was Miss Mamie Burling of San Francisco. Her sister, Miss Corning of the navy, was Miss Lolita Burling. The dinner will be small and informal, for ten guests and later the party will attend the Sans Souci dance.

TEA DANCE ON ST. LOUIS.

The officers of the St. Louis now anchored in the bay gave a "The daisant on board the ship Wednesday afternoon entertaining a number of the younger set from his side. Mrs. Bruce Heathcote and Mrs. E. B. Griffith chaperoned the affair and among the hosts were, Ensigns Green, Redmond, Bates, and Walter Johnson. The deck was covered with an awning, and the dance was unusually pretty and enjoyable. Among those present were Captain and Mrs. Huston, Miss

\$2.00 Values

A January Clearance from Regular Stocks

A disposal of 200 pairs representing odds and ends and discontinued numbers from our regular stocks.

The great majority of this Silk Hosiery is regular \$1.50 values with a goodly proportion of \$2.00 stockings and a smaller percentage of superior \$1.25 grades.

All Are "Onyx" Brand

which guarantees the beauty of texture, luster, shapeliness and superiority in all points. Black and a splendid range of colors for evening wear.

Gloves at the Same Old Prices

We are still holding Glove prices at their old level, despite the fact that wholesalers have greatly advanced prices and despite the impossibility of replacing some of our most important numbers when present stocks are exhausted. Good judgment dictates that you buy now not only for the saving to be made, but for the certainty of securing the same good qualities and wide choice of styles.

P. K. Kid Gloves—Special at \$1.25

A superior value both in appearance and quality. Full pique sewn and fastened with single clasp at wrist. In all white and white with heavy black embroidery on back.

The Valmy

This favorite glove, smart in style and durable, still selling at its former low price. Large pearl clasp at wrist, pique sewn and heavy embroidery on back. Don't be without a pair of these—**\$1.50**

The Derby

Genuine Derby Gloves for which the MOSS GLOVE HOUSE are sole agents for Oakland. One of the best gloves made anywhere. Two clasps at wrist, full pique sewn and with Paris point embroidery on back. At the same old price.... **\$1.50**

ARIZONA PROHIBITION FLANKED BY NEW BILL

PHOENIX, Ariz., Jan. 15.—A bill to carry out the provisions of the prohibition amendment which went into effect January 1 was introduced in the two houses of the state legislature simultaneously yesterday. The bill defines "liquor" as all liquids containing more than one half of one per cent alcohol and empowers the governor to call out the state militia if necessary to enforce its drastic provisions. The importation of wine for religious purposes, however, is to be permitted.

The selling or giving away of liquor is classed as a misdemeanor for a first offense, but a second offense brings a felony charge, punishable by imprisonment of from 1 to 5 years. Liquor advertising and clubs for the keeping or dispensing of liquors are prohibited. Pure grain alcohol in 10-gallon lots, to

be used exclusively in the compounding of medicines prescribed by physicians are to be permitted.

Legislators in the House who are not in favor of prohibition appeared to be inclined today to support the measure on the grounds that its severe measures will prove the instrumentality in swinging the state back to the wet column at the first opportunity. The bill, however, will meet strong opposition in the Senate.

WOMAN HURT BY AUTO.

Mrs. Minnie Spillman was taken to the Emergency hospital yesterday afternoon by Inspector Duffon of the police department after being struck by an automobile at Eleventh and Washington streets. Mrs. Spillman tried to cross the street in front of an automobile driven by L. E. Moore. She was knocked to the street and incurred bruises. The case was treated by Dr. Cone.

The world has known what Cottolene is for over a quarter of a century

Cottolene established a class of its own over a generation ago.

Cottolene was in the front rank of the great movement for bettering household service and for improving food products.

Cottolene has always held its place. There is nothing to which it may be compared.

There are no secrets in the production of Cottolene. Its manufacture and its constituents are as well known as the simplest things done in every kitchen.

Cottolene

Cottolene is an exact combination of the two finest cooking fats nature produces.

The cottonseed oil in Cottolene is pressed from selected seed—it is a grades choice that it is not listed on the market. It is purer, sweeter and better in food value than most salad oils. The beef stearine is the product of the freshest, finest leaf beef suet known.

It is the exact combination of these two fats which gave Cottolene its high place over a quarter of a century ago, and which has held this place for it.

Cottolene is economical, but better than that it actually improves the quality and flavor of all foods cooked with it—whether it is used for shortening, frying or cake making.

Your grocer has Cottolene now

Tell your grocer you want a pail now; arrange with him for your regular weekly supply. Write to our General Offices, Chicago, for our real cook book—"HOME HELPS"—free.

THE N. K. FAIRBANK COMPANY

Cottolene makes good cooking better

Bernadette Williams, Miss Grace Heathcote, Miss Elsie Shields, Miss Pauline Griffith, Miss May Bada, Miss Gladys Rutling, Miss Ruth Irwin, Miss Vera Rosenblatt, and Miss Mae Cook.

NAVY DINNER-DANCE.

A jolly dinner dance given by wardrobe officers of the West Virginia last Tuesday evening was attended by several guests from Oakland and Berkeley. The dinner took place on board the battleship, and later there was dancing on deck. Among the young people who were present were Miss Edith Helsen of Berkeley, Miss Edith Muth, Miss Cook and Mrs. Collins.

DANCE FOR YOUNGER SET.

The dance to be given this evening by Miss Alice Crellin, Miss Ruth Vincent, Miss Ruth Kroll, and Miss Florence Crellin will be a very pretty and jolly affair at the Home club for 200 of the younger set. The four hostesses who are among the most popular young girls in society, will be assisted by Mrs. T. A. Crellin, Mrs. Kroll, and Mrs. C. D. Vincent. The hall will be attractively decorated and the affair will be one of the prettiest dances of the season.

LUNCHEON AND THEATER.

Mrs. Frederick Gresson will give a children's luncheon at the Oakland tomorrow, entertaining a score of her small friends who will also be her guests at the Orpheum following luncheon.

DINNER AT THE OAKLAND.

One of the large dinners given at the Oakland last evening was attended by a group of congenial who are members of a card club in San Leandro. After dinner the party attended the performance of Forbes-Robertson at the Macdonough. Among those who enjoyed the affair were, Mr. and Mrs. Alfred S. Weaver, Mr. and Mrs. Charles Jeffrey, Mr. and Mrs. E. C. Crane, Mr. and Mrs. W. L. Shaw, J. D. Mills, Dr. and Mrs. G. H. Miller, and Mrs. Walrath.

MOTOR PICNIC.

Mrs. Oliver Hackett was hostess at a motor picnic last Saturday when she entertained a group of happy children who crossed the bay and motored to the beach for luncheon. Later they spent the afternoon at the Exposition grounds as her guests.

LEAVE FOR SOUTH AMERICA.

Mr. and Mrs. Harry Morton, and Harold Morton, left today for a trip to the isthmus and South America. They will be absent several months and have planned an interesting itinerary with visits to many of the picturesque cities of the southern continent.

RETURN TO PIEDMONT.

Mrs. James Ball returned on January 20 from Southern California where they spent the holidays. Miss Mhoon and her fiance, Harry Cobb, who are members of the Oakland Y. M. C. A., have been entertained at a round of parties, and there will be a number of affairs for Miss Mhoon in Oakland and San Francisco after her return. The wedding will take place in the early spring.

KIRN-SANDERS WEDDING.

Trinity Episcopal church was the scene of a pretty wedding on Wednesday evening. When Miss Julia Kirn became the bride of George Frederick Sanders. The bride is an eastern girl who has won many friends since coming to Oakland a few months ago. The groom is the son of Mr. and Mrs. Sanders of Telegraph avenue. Miss Lillie Muller was maid of honor and Miss Edith Helsen best man. Mr. Griffin and Daniel Coppley were the ushers.

Mr. T. O. Crawford with whom the bride has made her home recently, gave her away. The bride's dress, of white charmeuse, trimmed with silver lace, was on train. She carried a shower of lilacs of the valley and white roses. The maid of honor wore blue crepe de chine, trimmed with cream lace and carried pink bridesmaid roses.

FORMAL DINNER.

Miss Adeline Lentz and Miss Alice Costello entertained a number of their girl friends at an informal dinner at the Lentz home in Oakland on Wednesday evening. The table was prettily decorated with baskets of violets and Cecil Brenner roses and among the guests were, Miss Ethel Nellie McCallan, Miss Dorothy De Young, Miss Lois McGraw, Miss Irene Lampman, Miss Thelma Jorgensen, Miss Grace Stewart, Miss Lucy Cobb, Miss Edith Helsen, Miss Lucy Chapman, Miss Effie McClellan, Miss Matilda Madison, Miss Gertrude Lander, Miss Hazel Rasmussen, Miss Ruth Walker, and Miss Anita Gordon.

VISITING OAKLAND.

Mrs. Fritz Van Sicken has as her house guests her mother and sister, Mrs. S. E. Deming and Mrs. Crastus Darling, who are spending several months in California from their home in the East.

TO TOUR SOUTH.

Mrs. George Perkins Ebbetts and Miss

Hansel Sweater

Here is an idea taken from the peasant dress of a tiny Belgian. It is intended for a serviceable knock-about sweater—and the yarn will stand the wear. But it is so pretty that you will probably want to keep it for "best." You will find it easy to make and a charming gift. Although the Fleisher Yarns are the finest made, the quantity required for this garment costs less than a dollar fifty. Send the coupon below for free directions. The yarn used is Fleisher's Germantown Zephyr, 4-fold—one of the sixteen

FLEISHER YARNS

A garment must hang well. It must be soft and warm. It must stand hard wear. No matter how great your skill you cannot put these qualities into your work—they are yarn qualities. The uniform high qualities of the Fleisher Yarns are acknowledged by yarn-users everywhere. Whatever kind of yarn you need, always insist on Fleisher's—look for the trademark tick on every skein.

REALTY MEN PICK OFFICERS FOR 1915

Brokers, at Annual Meeting.
Discuss Prospects for
Year.

The annual meeting of the Oakland Real Estate Association was held yesterday at noon in connection with a luncheon at the Oakland Commercial Club grill, president Ralph L. Kaiser, presiding. An election of officers for the ensuing year resulted as follows: Fred E. Reed, president; F. G. Becker, first vice-president; P. W. McFarlane, second vice-president; Paul A. Williams, treasurer; C. Fred Burke, secretary, and a board of directors consisting of S. H. Masters, W. W. White, J. Carl Seuberg, Ralph L. Kaiser, Francis Smith and William W. Brown.

The meeting was addressed by Joseph N. Fochard, taking for his subject, "Economic and Salesmanship." Questions of importance in connection with the program were discussed at considerable length. It was generally conceded that the coming year would be a very active one for the local realty dealers, and preparations were made for taking care of the renewed activity.

Richard J. Montgomery introduced a resolution calling upon the State Legislature for the adoption of enabling acts, making for their purpose greater economy in city and county governments. The resolution was referred to the incoming board of directors with instructions to make a thorough investigation and granting the directors power to act.

EVIDENCE UNREADY, TOOHIG TRIAL DELAYS

The case against Mrs. Netera Toohig, charged with child abandonment, and Thomas Toohig, her husband, charged with failure to provide, were continued today before Judge Mortimer Smith until January 25 because the police department had not prepared the evidence for prosecuting attorney Ezra Decoto in the case against Toohig.

"If the detective department can't prepare this evidence I will have the district attorney's office issue an order to have the 'sheriff prepare it,'" declared Decoto in court today, when he found himself unprepared to question the first witness called to the stand. "This is a very important case and should have received some attention from the detective department. The police should have properly prepared its evidence and should have been ready to bring it here."

Captain of Inspectors Lou F. Agnew, when questioned about the matter, stated that the evidence against Mrs. Toohig had been prepared by his men but that in the case of Toohig nothing had been done as his merely a case of failure to provide his wife with food and clothing, on the part of criminal investigation to prepare evidence in failure to provide cases as it does other felonies.

"We shall have this evidence ready for Mr. Decoto when the case comes up again," said Captain Agnew. "We usually take care of these cases so that they are practically tried by the detective department before being handed to the prosecuting attorney. We will question the witnesses, and hand this case to him all prepared if he so desires."

Toohig and his wife were arrested in Los Angeles after Mrs. Amy L. Ely, mother of Mrs. Toohig, had sworn to the warrant charging the husband with failing to provide for the infant which the Toohigs had left at the West Oakland home. Toohig declared that he would not provide for the child, as it did not belong to him, and in corroboration of his statement his wife swore out an affidavit in which she charged that Dr. George F. Derrick of Oakland was the actual father of the child. She declared that the infant is the survivor of twins which were born last December. Mrs. Toohig declared that the twins were born seven months

after her marriage to Toohig and that Dr. Derrick was their father.

DOCTOR DENIES CHARGE.
Derrick hotly denied this charge, alleging it was an attempt at blackmail. Mrs. Toohig is being defended by Attorney J. J. Allen. Mrs. Ely, mother of the young woman, declared that she believed Dr. Derrick to be guilty and she has retained Attorney J. J. Van Hovenberg to be associated with the prosecution against Toohig and apparently to some extent in the interests of Dr. Derrick.

Dr. Derrick and his wife, who live at 423 Vernon street, were summoned as witnesses and were in court today. The infant, which was the cause of all the trouble, was also in the courtroom as a semi-official exhibit. Other witnesses were:

Mrs. Ely, Mrs. Stewart, of the Ladies Relief Society, Mrs. J. Toohig, 513 Seventeenth street; Miss Ena Toohig, of the same address, Lenora Miller, 620 Hobart street; Mrs. Hansen, 7202 Biass street; Lucella Bear, 583 East Sixteenth street; Mrs. D. M. Collier, 1714 Twelfth street; Mrs. H. S. Kegan of Euclid and Van Buren streets.

**Wheat Breaks War
Price High Record**

By Associated Press
CHICAGO, Jan. 15.—Less than a minute after the opening today wheat broke the war price high record. First sales of the May delivery shot up to \$1.43 1/2 a bushel, nearly a full cent above last night's close, and overtopping by 1/4 c the previous tail-end figures, which were attained on yesterday's excited advance.

Assessments that all the wheat afloat at Buffalo had been withdrawn from sale was regarded as especially significant. Ordinarily such a condition would not be brought about until far into the spring.

The price of flour soared today to the highest point it has reached in many years. Fancy grades in jobbing lots were quoted at \$8 a barrel.

**Jitney Bus Situation
Laid Before Thelen**

SAN FRANCISCO, Jan. 15.—Representatives of all of the interested parties in the Oakland jitney bus controversy had a conference with President Max Thelen of the railroad commission this afternoon. An arrangement for the meeting, which was executive had been made in advance and Attorney John Stetson, representing the jitney bus owners, W. H. Smith, representing the San Francisco-Oakland Railway, and City Attorney Ben W. Ogden, were present.

They explained the Alameda county situation from three viewpoints. Thelen stated that he believed the case was one for municipal determination and that the constituted authorities should legislate. He added, however, that the commission was making an informal investigation on its own account covering the entire state.

**Rev. Browne to Go East;
Will "Wipe Out Past"**

Rev. R. A. M. Browne, whose arrest following the sensational suicide of Mrs. Maude Hendricks, his affinity, and his release later, kept him in the public eye for some time, and whose romance has been the subject of the most remarkable stories of love and defiance of society's conventions ever recorded, is soon to leave Oakland in an attempt to care out for himself a new life in the East. He has accepted a position with an advertising firm in Chicago, will give up the ministry and declares that he will wipe out the past.

**File Appraisement
in Steele Estate**

An inventory and appraisement has been filed in the matter of the estate of the late Emma S. McPherson Steele, in which the appraiser, J. C. Lucas, sets the valuation of the estate at \$107,812.54, consisting of real estate in El Dorado and Contra Costa counties, together with property in Oakland and San Francisco. The decedent also left stocks in the Georgia A. Moore Company, National Land and Mining Company and the Jerome Garage Company, which are appraised at \$21,300. Besides this there is about \$1000 in the bank.

Verification Deputies at Work for Bilger

The first of the candidates who will run for office at the spring municipal primary to obtain nominating blanks and to have verification deputies appointed to obtain the signatures to the petition to nomination was Frank W. Bilger, who is a candidate for mayor. Bilger's petitions are being circulated by three verification deputies. They are William A. Cannon, Edgar S. Harley and G. W. Burr. Following closely on Bilger's action William R. Geary filed his request with City Clerk Frank Smith. Geary announced himself as candidate for commissioner No. 1. He had the following named as his verification deputies:

Charles H. Schilling and John J. Moriello.

C. A. Tobey has been named as verification deputy for the socialist candidates who have declared themselves to the city clerk, as follows:

For mayor, Thomas Booth, Commissioner No. 1, Cochran McCarron, No. 2, Harold Everhart, auditor, Charles Rice, school director No. 1, Florence L. Johnson, No. 2, W. E. Drury.

**Young Wife Takes
Poison to End Life**

SAN FRANCISCO, Jan. 15.—After writing notes to her mother and her chum and bewailing the fate that separated her from her three-year-old child, Mrs. Helen Johnson, 22 years old daughter-in-law of Frank W. Johnson, president of the Postal Credit Company, residing at 1725 Pacific avenue, attempted suicide at noon today.

The young woman swallowed the contents of a vial of chloroform in her room in the Crocker apartments, 1631 Market street.

Brooding over an impending illness of a critical nature combined with a spell of homesickness, following a visit to her mother Mrs. F. H. Holcomb of Jackson, Mich. are believed to have been responsible.

The young woman was taken to the Central Emergency Hospital and is expected to recover.

NORDICA LETTERS READ.

NEW YORK, Jan. 15.—Copies of five letters purporting to have been written in 1913 by the late Mme. Lillian Nordica, which it is claimed, show a strained relationship between the famous singer and her husband, George W. Young, the banker, became public here today.

The letters are a part of the legal action by Robert S. Baldwin, a nephew of Mme. Nordica, to have probated a will said to have been drawn by Mme. Nordica on Thursday Island in the Pacific ocean on January 1, 1913, leaving the bulk of her property valued at \$1,000,000, to her sisters and cutting off her husband.

SENTENCED TO SIX YEARS.

Ed Kelly, who pleaded guilty to a statutory offense, was this morning sentenced to six years in the state prison at San Quentin by Superior Judge Ogden. Kelly asked the clemency of the court and also that he be sent to San Quentin in preference to Folsom, where he had contracted chills and fever during his last incarceration on a similar charge.

MOTHERS IN MEETING.

FRUITVALE, Jan. 15.—The home economics committee of the Allendale Mothers' club had charge of a business and social meeting this afternoon. The members spent the time in knitting stockings which will later be distributed among school children. Mrs. J. C. Carter is chairman of the economics committee.

**Don't Be Misled if
You Have Tuberculosis**

No specific has been discovered for Tuberculosis, but Eckman's Alternative has been successful in many cases. Read of this case:

12 Thompson St., New York.
"Gentlemen: Five years ago last August I was taken to St. Francis Hospital to be treated for bronchitis and congested lungs. After several weeks' treatment I was advised by the doctor to go to a convalescent sanitarium, but could not be admitted because the doctor at the hospital, after a thorough examination, declared my case Tubercular, and gave me a certificate to that effect. I showed the certificate to Father Stark, and he advised me to take Eckman's Alternative. I took it faithfully and soon found myself free from night sweats and fever. I have not taken the Alternative now for two years, and can truthfully say I am well. I feel better and am stronger than before my sickness." (Abbreviated.)

(Advertisement) MARY KORMANER.
Eckman's Alternative is most efficacious in bronchial catarrh and severe throat and lung affections and upbuilding the system. Contains no harmful or habit-forming drugs. Accept no substitutes. Small sizes, \$1 regular size, \$2. Sold by leading druggists. Write for booklet of recoveries.

Eckman Laboratory, Philadelphia.
Sold by The Owl Drug Co.—AET.
